

## BUILDING TRADES TURN GOMPERS DOWN

### REFUSE TO ASK BOARD TO REOPEN DECISION ON CARPENTER'S UNION

Was Proposed as Means of Winning Carpenters Back to Membership in the Department  
—President of the Bricklayers Accuses Gompers of Raising a Smoke Screen

(By The Associated Press)  
CINCINNATI, O., June 10.—By rejecting a recommendation submitted by President Gompers of the American Federation of Labor, the building trades department of the federation today refused to call on the national board of jurisdictional award to reopen a decision, made against the carpenters' union which was proposed as the means of winning the carpenters back to the membership in the department.

Coupled with this action, taken by the chief officers of the 16 unions composing the department was the unanimous adoption of a motion affirming the support of the jurisdictional board. This board is composed of representatives of the building industry and charged with the settlement of disputes between union crafts.

In offering the recommendation, Mr. Gompers said it in substance provided that when a rehearing in a dispute between the carpenters and the metal trades union had been ordered that the carpenters automatically become part of the department.

### WIRELESS PHOTO REPRODUCED IN SUNDAY WORLD

Transmitted by Wireless Telegraphy from Rome, Italy

(By The Associated Press)  
NEW YORK, June 10.—A photograph transmitted by wireless telegraphy from Rome, Italy, to Bar Harbor, Maine, is reproduced in Sunday editions of the World. The process by which the feat of modern science was performed was invented by Dr. Arthur Korn, professor of Electro-Physics at the Berlin High School of Technology. Forty minutes from the time the photograph was "filled" at the radio station in Rome it had been taken in by a naval radio operator at Bar Harbor.

The World points out that the experiment while far from perfect shows the way to an achievement that seems now to be in the near future. Over shorter distances and under more favorable conditions pictures have been transmitted with surprising clarity of detail.

The picture reproduced in the World, is evidence, it is said that the basic method of transmission is sound and that with refinements of the mechanical process and certain elaborations of their use, it may soon be possible to have pictorial events of events throughout the world as speedily and as accurately as written descriptions.

Dr. Korn has been working on his invention since 1909. His sending machine does the translating or coding automatically and the receiving machines decode back into a picture automatically. The photographs are translated at the sending end into groups of letters, each letter representing a certain degree of darkness or lightness and the code words formed by the groups are sent as in an ordinary message.

### SEARCH STARTED FOR KENNETH ANDERSON

CHICAGO, June 10.—A country wide search was started today for Kenneth A. Anderson, former vaudeville actor, in an effort to clear up the mystery surrounding the identity of the man whose charred body was found Friday on an oil soaked pyre in the Indiana sand dunes near Waverly Beach. It was thought at first that the remains might be those of Anderson, but Harold D. Anderson, after inspecting the dead man's clothing, said that it had not belonged to his brother Kenneth.

Clues found among the victim's effects indicated, according to the authorities that the dead man was a close friend of Kenneth Anderson and a search was started for the latter to clear up the mystery.

### WITHDRAW THEIR OBJECTIONS TO HOOVER'S PLANS

Senators Will Await  
Demonstration of its  
Success

(By The Associated Press)  
WASHINGTON, June 10.—Senatorial objection to the administration's efforts to prevent rising coal prices was withdrawn today pending a demonstration of the success of Secretary Hoover's program of meeting the situation by normal persuasion while assurances of co-operation were given the commerce secretary in his efforts by the National Retail Coal Merchants association.

Senator Walsh joined with Senator Borah in announcing his intention of withholding demand for congressional investigation of the coal price problem although he declared that if advances were not quickly overcome he would seek to determine the facts and if necessary urge indictments if profiteering existed. Roderick Stephens, chairman of the board of the retail coal association wrote Mr. Hoover that his organization would study immediately the specific suggestions offered as a policy for the guidance of the retail coal strike.

Developments in the coal price controversy since his conference with Senator Borah last night were regarded today by Mr. Hoover as giving him the support and co-operation necessary to push his program of "moral persuasion" to keep charges for fuel from climbing during the emergency.

"Senator Borah's useful warning," Mr. Hoover said tonight, "that no aid or comfort will be given from the committee of the senate of which he is chairman to those who have refused to co-operate in the voluntary plan of restraining coal prices will, I trust, put an end to the recent actions of some people in attempting to upset these arrangements through senatorial support."

"The National Coal Retailers association now inform me that they wish to co-operate. Meantime various state and local retail associations are assuring me that they will play the game. Some smaller groups of operators have refused to accept the basis I have proposed but the larger fields are co-operating as witness the halt in prices and their reduction in the past few days."

"There seems to be some mistaken impression that the secretary of commerce has unduly attempted to control prices other than the desire of the administration to use its good offices to protect the public."

"Congress has given no powers to the administration."

### LARGE METEOR FALLS IN INDIANA

Petersburg, Ind., June 10.—A meteor of unusual size and brilliancy passed over this city early today traveling from east to west, residents said. An explosion was heard in and near the city but where the huge ball of fire struck residents were unable to determine.

### WEATHER

ILLINOIS: Unsettled weather Sunday and Monday, probably thundershowers, cooler in west and north portions Sunday afternoon.  
Chicago and vicinity: Unsettled weather Sunday and Monday probably thundershowers; cooler Sunday afternoon; moderate to fresh south to southwest winds shifting to northerly Sunday afternoon.

Indiana: Probably thundershowers Sunday and Monday; cooler Sunday afternoon in north portion.  
Missouri: Thundershowers Sunday and Monday; cooler Sunday afternoon.

Iowa: Thundershowers Sunday; cooler in east and south portions; Monday probably fair.

Temperatures.  
The current, maximum and minimum temperatures as recorded Saturday were:

	7 p. m.	High.	Low.
Jacksonville, Ill.	81	87	68
Boston	58	62	60
Buttalo	66	74	62
New York	82	86	72
Jacksonville, Fla.	82	92	74
New Orleans	82	88	76
Chicago	85	88	76
Detroit	80	84	66
Omaha	66	92	72
Indianapolis	64	72	60
Helena	68	70	44
San Francisco	64	66	58
Winnipeg	70	74	42
Cincinnati	82	86	60

### BRIEFS

(By The Associated Press)  
DETROIT, Mich., June 10.—Decision not to make a formal request to Henry Ford that he become a candidate for president of the United States for several weeks at least has been made by the executive committee of the Dearborn "Ford For President Club." It was announced today by Rev. William Dawe, president of the club.

JOLIET, Ill., June 10.—Fire this afternoon destroyed a large hog barn on the state prison farm here. Joliet and Lockport fire departments assisted in fighting the blaze. Five hundred hogs in the barn were driven to safety.

CHICAGO, June 10.—An analysis of the vital organs of Mrs. C. H. Berggren, who died suddenly while visiting her sister, Mrs. Hans Samson, in Morris, Ill., ten days ago, has revealed a large quantity of poison in her vital organs, according to a statement made today by Dr. W. D. McNally, coroner's physician, who made the analysis.

KANSAS CITY, Mo., June 10.—Four bandits took \$4,000 from the State Bank of Wellborn, a rural community ten miles west of Kansas City, Kansas, this morning and escaped in an automobile.

PHILADELPHIA, June 10.—The regular organization forces of the Republican party in Pennsylvania won a victory over the supporters of Clifford Pinchot, Republican candidate for governor today, when they elected W. Harry Baker, of Harrisburg as chairman of the state committee. His opponent for the position was Gen. Asher Miner, of Wilkes Barre, a World War veteran.

DANVILLE, Ill., June 10.—Carrying a famous St. Louis surgeon, a special train, consisting of a sleeper and baggage car, passed thru here last night for Detroit. W. S. Couzens, mayor of Detroit, is reported critically ill and the St. Louis man was called to attend a consultation of surgeons. The doctor refused to get on the special at St. Louis until the railroad officials promised to run the train at no greater speed than the regular trains between St. Louis and Detroit.

MINNEAPOLIS, June 10.—A boy was killed in basements were flooded and wires blown down in a severe wind, rain and electrical storm which struck this city and vicinity late last night and early today. Arnold Lynder, 16, was electrocuted when he stepped on a fallen power wire, at a street intersection.

SAN FRANCISCO, June 10.—Basic patent rights of the Holt Manufacturing company of Peoria, Ill., and California were upheld in the suit against the Cleveland Tractor company of Cleveland when the case was decided in favor of the Holt interests. The companies, in a post suit settlement, agreed to exchange licenses and manufacture under each other's patents.

PEORIA, Ill., June 10.—Seven men were injured, one probably fatally when an automobile truck crashed into a gasoline work car of the Lake Erie and Western railroad at a crossing in East Peoria early this morning.

PHILADELPHIA, June 10.—United States Senator George Wharton Pepper was elected Pennsylvania's member of the Republican National Committee to succeed the late Senator Penrose. The choice was unanimous.

PHILADELPHIA, June 10.—Hinar Prim of New York, running unattached won the American Legion marathon of 12 1/2 miles from Villa Ova to the City Hall Plaza this afternoon. He was a mile ahead of the second man. His time was one hour, eleven minutes, 55 seconds.

DANVILLE, Ill., June 10.—General Oscar P. Yeager, of the Illinois National Guard, placed on the retired list at his own request, probably had as long a military career in the National Guard as any man in the state.

He entered the service in 1883 and as captain of Battery A, of this city, went into the United States Volunteers in 1898 and served throughout the Spanish-American War in Porto Rico. He was transferred to the National Guard Reserve in 1917 and made colonel of the Tenth Regiment which he assisted in forming after the state militia entered the World War.

### PANA MINERS GET STRIKE MONEY

Pana, Ill., June 10.—Twelve hundred striking miners of the Pana coal fields will receive their first strike benefit payment today it was announced at union headquarters following receipt of \$6,500 from the state commissary.

### CHAUNCEY WADDELL AND MISS HUGHES WED IN WASHINGTON

Is First Cabinet Wedding of  
The Present Administration

(By The Associated Press)  
WASHINGTON, June 10.—In the Bethlehem Chapel of the Episcopal Cathedral of St. Peter and St. Paul and in the presence of most of official Washington and the diplomatic corps including the President and Mrs. Harding, Miss Catherine Hughes, daughter of the Secretary of State and Mrs. Hughes, and Mr. Chauncey Waddell, of New York were married today. It was the first cabinet wedding of the present administration.

The little chapel was simply decorated with flowers upon the altar and in the niches along the side walls. The marriage service was read by the Right Rev. Alfred Harding, bishop of Washington assisted by the Rev. Dr. W. S. Abernathy, pastor of Calvary Baptist church.

The secretary of state escorted and gave his daughter's hand in marriage, her two small nephews, Charles Evans Hughes, III, and Stewart Hughes serving as train bearers. Two two matrons of honor were Mrs. Charles Evans Hughes, Jr., and Mrs. Ralph Dunlap of Akron, Ohio, sister of the bridegroom.

G. F. Beal, of New York, was best man for Mr. Waddell.

The wedding gown was of white crepe satin, embroidered in pearls with sleeves of silk net. It was arranged in soft folds on either side of a low waist line and fell in a graceful uneven line at the hem. The court train of satin was also embroidered in pearls with an over-panel of net reaching from the shoulders. The long veil of net hung from a coronet of pearls.

The bride's bouquet was of orchids and lilies of the valley.

After the ceremony the bridal party followed by the guests motored to the Pan-American Union Building for the reception. The great hall of the American church the place of many diplomatic gatherings was given the honor of housing its first bridal reception.

Mr. and Mrs. Waddell after a wedding trip will live in New York City.

### DEMOCRATS OPPOSE DUTY ON RAZORS AS FAVORING GERMANY

Say Proposed Rates Would  
Affect Every Country  
But Germany

(By The Associated Press)  
WASHINGTON, June 10.—Assertions that many rates proposed in the tariff bill would prohibit imports of affected commodities from every country except Germany were made and reiterated today in the senate by Democratic opponents during debate on duties on razors, gold leaf and other articles. Rates on razors ranging to an equivalent of approximately 400 percent ad valorem were approved.

Senator Simmons, Democratic leader in the tariff fight, said "the idea permeates the whole bill, that we must put in rates to keep out German products without any consideration of the effect they will have on our trade with other countries."

As to razors, Senator McCumber, in charge of the bill said the rates should be high enough to shut out certain grades coming from Germany and used, he said, as premiums by many American stores. He asserted that these razors not only could not be used for shaving but would "not even cut a corn."

Aside from the rates on razors, the senate approved over minority protest duties of sixty cents a hundred sheets on gold leaf, 30 percent ad valorem on nickel silver sheets, strips, rods and wire; six cents a pound on metallic arsenic and 15 cents a pound on cadmium.

Just before the senate recessed after a five hour session, Senator McCumber gave notice that a return to night sessions would be necessary unless the senate applied itself more closely on the tariff.

### MISS FRANZ HOME FOR VACATION PERIOD

Miss Hilma Franz is here from Chicago to spend several weeks with her parents, Mr. and Mrs. William Franz. For nearly three years Miss Franz has been in Chicago studying voice with some of the foremost teachers in that city. Musical papers from time to time have made favorable comment on the work of Miss Franz and she frequently fills church appointments in Chicago. Miss Franz is preparing herself for concert work.

### ALLIES AGREE ON GERMAN PROBLEM COMMITTEE FINDS

Because of France's  
Objection Cannot be  
Carried Out

(By The Associated Press)  
PARIS, June 10.—Complete agreement among the allies on reparations, a solvent Germany and settlement once and for all of the full reparations debt, international bankers' committee find in their report to the reparations commission are essential to the success of an international loan to Germany.

Since these conditions are lacking and because of French objections to a revision of the total reparations due from Germany, the committee have decided to suspend their study the confident that a substantial loan to Germany could be floated if these conditions were fulfilled and they are ready to resume consideration on the question of the unanimous invitation of the reparations commission.

The committee recognizes that there is a certain dependency of a reparation settlement upon the question of interallied war debts which is outside of the committee's jurisdiction, and the members point out the danger of a collapse of German credit if the negotiations for a settlement are too long delayed. A short term interim loan, could be made which would remove that danger but a short term small loan, it is said would be of no benefit to certain of the allies who would receive little or none of the proceeds.

France Cannot Accept  
The French delegate, Charles Serget, dissented from the report saying he was unable to accept any reduction in German liability under the treaty of Versailles or any diminution of France's rights under the treaty.

The committee decided it could not usefully resume its study as they were extremely anxious that no action of theirs should injure the interests of France and that if France did not now desire any inquiry into the more general conditions necessary for reestablishing of Germany's external credit the committee did not feel justified in undertaking that inquiry.

The committee observed that an essential condition of an external loan at any time is that the public must feel that Germany is making real and substantial efforts to place her finances upon a stable basis and that a second essential consideration is removal of the uncertainty regarding the reparations obligations.

The committee had before it a statement to the effect that American bankers and investors could be interested in a substantial degree on the purchase of German obligations only if a further fundamental condition was satisfied, namely that such a loan should be at the unanimous request and for the benefit of the allied nations.

Among the fundamental conditions of American participation was unanimity among the leaders as well as the establishment of the credit of the borrower.

The report touches upon the interallied debts as being outside the competence of the committee and that subject could not be discussed. But the fact could not be ignored that these debts were bound to be discussed as among the factors in the problem of securing that desirable allied agreement which also was one of the eventual conditions of a loan to Germany.

### WILL INVESTIGATE STATUS OF WOMEN

(By The Associated Press)  
WAUKEGAN, Ill., June 10.—A resolution asking congress to investigate the economic status of 20,000,000 women engaged in work in their own homes was adopted at the convention of the National Woman's Trade Union League today. It was recommended that the woman's bureau at Washington conduct the survey.

An executive board was elected as follows:  
Mrs. Raymond Robins, Miss Agnes Nestor, Miss Ethel Smith, Miss Pauline Newman, Miss Julia O'Connor and Mrs. Sarah Green.

### TAKES POSITION WITH MR. O'DONNELL

W. A. Fishel, an experienced garage man from Springfield has taken a position with L. F. O'Donnell motor company. He will have charge of all service at the garage and patrons will be given courteous and prompt attention.

### MARINES TAKE LARGE CARGO OF LIQUOR OFF OF NAVAL TRANSPORT

One Thousand Quarts Valued at \$10,000 is  
Seized—Officers and Men of Ship Are  
Under Guard—Whiskey Was Said to Have  
Been Put Aboard in West India Port

(By The Associated Press)  
NORFOLK, June 10.—Approximately 1,000 quarts of liquor valued at more than \$10,000, were said to have been seized by marine guards of the navy yard today in a raid on the naval transport Sirius under orders of Rear-Admiral Ralph Andrews, commandant of the Norfolk Navy Yard. Officers and men of the ship are confined to their ship under guard.

The commanding officer of the Sirius according to Admiral Andrews was detached from the vessel today and ordered to the receiving barracks at the naval base and meanwhile a board of investigation has been condemned. Until its report is submitted it is understood no action will be taken toward preferring charges against any officers or members of the crew.

Information was received by Admiral Andrews it was said, that the odor of whiskey was discernible in the cargo being unloaded from the Sirius to barges for shipment to the naval supply station.

When the barges had been loaded a search of the ship's hold was ordered and then the transport was searched by the marine guard.

The Sirius returned to Hampton Roads about a week ago from the West Indies. According to information received by Admiral Andrews the whiskey was put aboard at one of the West Indian boat ports altho it was said not to be listed on the manifest and there was no method of ascertaining tonight at which port it had been loaded. It was contained in 13 large packing cases and was consigned to the marine quartermaster depot at the navy operating base.

Norman R. Hamilton, collector of customs said a customs inspector boarded the vessel last week and received a statement of the commanding officer that the vessel carried no contraband cargo and it was entered.

### PRESIDENT LEWIS ATTACKS HOOVER'S FAIR COAL PRICE

Says Agreement With Operators  
Is Anything But  
Fair

(By The Associated Press)  
NEW YORK, June 10.—John L. Lewis, president of the United Mine Workers tonight attacked the Hoover "fair price" agreement with bituminous coal operators as "anything but fair."

Mr. Hoover has fixed \$3.50 as the maximum price of coal at the mine," said Mr. Lewis. "The price allowed these same operators during the war was \$2.45 a ton, thus Mr. Hoover permits the operators today to charge \$1.05 in excess of the liberal war price allowed by the government."

"It is not recognized that the mine operators have reduced the wages of the men who dig the coal from 40 to 50 percent. With the decreased mine cost, operators will make even more than \$1.05 per ton profit over their war-time profits."

Mr. Lewis, who came here today to confer with Philip Murray, vice president and other miners' officials declared that Governor Allen of Kansas, "made a complete misstatement" in an address last night when he asserted that 3,000 union miners had gone to work in Kansas, and that every union man would be back in the mines in three weeks.

"Every United Mine Worker in Kansas is still on strike," he declared.

### LLOYD GEORGE PLEADED WITH PROGRESS MADE

(By The Associated Press)  
LONDON, June 10.—At the conclusion of this afternoon's conference between Arthur Griffith and Premier Lloyd George, the latter told the correspondent of The Sunday Times:

"I am very pleased with the progress made."

He said he did not anticipate trouble over the construction all the one or two points still remained to be cleared up. When the correspondent asked Mr. Griffith what he thought of the progress made he declared:

"Oh, it is fairly satisfactory."

### NEW DEFENSE IS ANNOUNCED IN GREEKS' TRIAL

Will Claim Officers  
Were Killed by Mob  
After the Greeks

(By The Associated Press)  
QUINCY, Ill., June 10.—A new line of defense was announced today just before adjournment in the case of the 29 Greeks charged with the murder of Sheriff Lashbrook of Schuyler county. The claim will be made that they did not shoot the sheriff but that it was done by the mob that threatened the alien laborers. The reason for making this change in plans of defense was the ruling of the court that testimony which it was sought to introduce regarding the shooting was not permitted, it being inimical to the laws of self-defense.

Foreman Klabanos was again on the stand Saturday. He testified to seeing two groups of men approaching the depot after he had left Deputy Neff. They were Americans, he said, he having ordered the Greeks to their cars. There were however, three Greeks on the platform, but these had been laid off and were expecting to take the next train out of Frederick for Beardstown. One of these groups he said was led by a man whom he had known as "Coxey" and he carried a gun. He had a conversation with these men but the court would not permit him to repeat it. These three men have never been heard from since and the defense claims the men were probably killed and thrown in the river.

Klabanos said after he had passed the men and was within fifteen feet of his car, which was within 150 feet of the station, the shooting began there, coming from three different points of the platform.

He ran to his car and took his wife in a boat to a nearby house. After that he returned to the cars of the Greeks and ordered them to take the train for Beardstown which was just coming in.

There are still many witnesses to be examined and it is expected the trial will run another week.

### TEXAS RANGERS TO PROBE KILLING

Laredo, Texas, June 10.—Texas Rangers will be sent here at the request of District Attorney Valls to investigate the killing Wednesday night of General Lucio Blanco, a former officer in the Carranza army of Mexico. This became known today when Mr. Valls made public a telegram from Governor Neff complying with the request for rangers.

Mr. Valls said there were no further developments in the Blanco killing today.

### TEN THOUSAND SAILED FOR EUROPE

New York, June 10.—Records for the season were broken today when more than 10,000 passengers sailed for Europe.

Evidently there are many people in and about Chapin who are willing to pay heavy taxes, if such taxes are necessary for the support of their community high school project. The effort to establish a district was decisively defeated yesterday.

Samuel Untermyer, much to the surprise of the Lockwood committee, finds no fault with the recent big steel merger and says it may be in the interest of the people. Evidently the famous lawyer has come to the conclusion that the statement made some years ago by Chief Justice Taft is true, that there are good trusts and bad trusts, and there is nothing inherently wrong in a big business development.

The number of exhibits in the Small trial is now in excess of 7,000 and the record of the case covers 3,000 typewritten pages. The end is not yet, and probably a few thousand more pages will be added.

You can imagine the jury in this case giving careful consideration to all the matter that has been prepared.

It is understood that Illinois College endowment is still about \$10,000 below the sum total required to meet the conditions of the general education board. College officers and trustees must be men of faith and no doubt that is the reason they look forward anxiously to commencement day, with the belief that friends will arise in time to save the day and provide the lacking thousands.

The Quincy Herald in commenting on the fact that confidence is our greatest source of national wealth says: "Stocks of the various Standard Oil Companies have advanced in market value more than a billion dollars, since early in the year. Yet there has been practically no change in the actual physical property back of the companies, same old pipe lines, same old refineries, same old relation of assets to liabilities. The billion dollar advance is merely a reflection of increased confidence."

in general business outlook, especially for the oil industry.

Bids for two street paving jobs will be opened tomorrow. Let us hope that the figures are within the estimate and that the contracts can be awarded. The actual beginning of public improvement work in Jacksonville will give evidence of that forward movement.

Henry Ford is said to be seeking a site for a large factory along the ship canal in East Chicago. The plan for the manufacture of castings is to employ about 4,000 operatives. Probably the manufacturer will not have as much trouble acquiring this site as he is with Muscle Shoals.

With all the criticism there is of Ambassador George Harvey it must be a relief for him to find some occasional commendations in the American press. The Kansas City Star recently said: "The ambassador within a year has successfully accomplished a most difficult task and has more firmly cemented the relations between Great Britain and the U. S."

It is said that Mr. Harvey has received unusually favorable notice from the British press. In acquiring and maintaining the Gov. Joseph Duncan property as a Memorial home, Rev. James Caldwell Chapter D. A. R. accomplished something that a great many people thought impossible. The interest in the home and an understanding of its value as a memorial have increased during the two years that it has been in the possession of the chapter.

The formal dedication is to take place this week and has appropriately been fixed on Flag Day and the completion of the installation of certain memorial tablets. The program arranged promises to be worthy of the important occasion.

## NOTICE

P. R. Briggs has sold the entire block on the corner of Pine street and West Lafayette avenue, comprising two dwellings and a store, Saturday evening to M. L. Denny.

Mr. Briggs wishes to thank his many customers for their past patronage, and heartily commends them to his successor.

M. L. Denny wishes to retain the patronage of all Mr. Briggs' former customers, and means to give them the same high grade service afforded by Mr. Briggs.

Chief Clerk W. J. Boston will remain with the business, as will also C. F. Herald.

Jefferson Cruise will continue his meat business as usual.

Reduced prices on all refrigerators this week.

PEOPLES FURNITURE CO.

## Actress-to-Be

Miss Polly Blaine Danrosch, daughter of the famed musical director and granddaughter of James G. Blaine, has taken society for a stage career. She'll make her first appearance this fall.

## CHAPIN HIGH DISTRICT WILL BE CONTINUED

People Vote Decisively Against Proposal to Dissolve the Community School District.

Chapin, June 10.—In the special election held at Chapin Saturday the proposal to abolish the Charles S. French Community High school district was defeated by a vote of 359 to 394. The polls were open from 8 until 4 o'clock and the figures given indicate that nearly a 100 per cent vote was polled.

To abolish the district it would have been necessary for two-thirds of the persons taking part in the election to cast their vote in favor of such action. Evidently the majority, if they believed that the present district is not as large as it should be, feel that the state law can be amended in a way to permit its enlargement.

## WEDDINGS

O'Donnell-Moron

The announcement of the marriage of Miss Pearl Moron of Washington, D. C., formerly of this city, and Valle O'Donnell of Memphis, Tenn., has been received by friends in this city. The marriage took place June 7th in Washington and the young couple will live in Memphis.

Mrs. O'Donnell is the daughter of Mr. and Mrs. Henry Buckheit and lived in Jacksonville with them until about five years ago when they moved to Chicago. She went to high school here and has many friends. Several years ago she went to Washington, where she was a stenographer in government work.

## BIRTHS

Born to Mr. and Mrs. Henry Suter of New Berlin Friday at Our Saviour's hospital, a son, Mrs. Suter before her marriage was Miss Nell Clampt of Jacksonville.

Born to Ensign and Mrs. J. G. Ames, Jr., a son, John Griffith Ames IV, at Passavant Hospital Saturday evening.

Born to Mr. and Mrs. Samuel Evans of 210 South Prairie street Saturday morning, a daughter.

Born Sunday morning to Mr. and Mrs. S. B. Kumble, 1405 South West street, a daughter.

A \$250 Pathe electric phonograph, with 20 records, 5 albums, special this week only \$135.

PEOPLES FURNITURE CO.

## HAD NARROW ESCAPE IN C. P. &amp; ST. L. WRECK

TRAIN LEFT TRACK AT POINT NEAR CHANDLERVILLE.

James McBride Was Caught Underneath Trunks But Received Only Slight Injuries—Children From School For Deaf Frightened But Unhurt.

James McBride, veteran baggage and expressman on the C. P. & St. L. had a marvelous escape from serious injury in a wreck on the C. P. & St. L. road Saturday morning. When the baggage car in which he was riding was overturned, Mr. McBride was caught beneath a number of trunks. Fortunately a sack of mail struck him first and served as a sort of buffer for the heavy trunks. When extricated he was unconscious but the physician found that there were no serious injuries.

The wreck occurred about 9 o'clock Saturday morning a short distance south of Chandlerville, shortly after the train had passed Palmerton station. Scores of pupils from State School for the Deaf were in a special car on this train but while it left the track it was not overturned and the children were uninjured. The same was true of the other passenger coach.

Left Track on Curve  
A car of poultry was ahead of the baggage car and the coupling broke as the train, moving rapidly, rounded a curve. The poultry car was thrown to one side a distance of more than twenty feet, and the baggage car was sent into a sand pile at the left of the rails.

The track was torn up for a distance of several hundred feet and the work of clearing the wreckage and repairing the track was not nearly completed last night.

After news of the happening had been telephoned to Havana the train from Peoria was sent to the scene of the wreck and baggage and passengers were transferred.

McBride's Injuries Slight  
Mr. McBride, as indicated, soon regained consciousness and he found himself badly bruised and with a cut on his chin, there were no injuries of a serious kind. A message received here by Mr. McBride's family shortly after the wreck indicated his serious injury. His daughter, Miss Addie McBride, accompanied by Richard Bell, drove as speedily as possible to the scene of the wreck. Miss McBride was naturally greatly relieved to find that her father's injuries were of a minor character.

Mr. McBride returned to Jacksonville in the car. He has been for forty years in the express and baggage service and during all that period this is his first wreck experience.

Only one other person out of more than 50 in passengers and crew was injured. H. S. Norton of Peoria, who was in charge of the poultry car, was badly bruised when that car went over the embankment, but was not injured at all in a serious way.

Beautiful Mahogany bedroom suite, twin beds, springs, mattress, chiffonier, vanity dresser, bench and rocker, regular \$350 value, special this week for only \$150.

PEOPLES FURNITURE CO.

## FUNERALS

England.

Funeral rites for Lindell England, the lad that met death because of being run over by a hay baler, were conducted at ten o'clock yesterday morning at the family home by Rev. A. P. Howells, pastor of the First Baptist Church.

A quartette composed of Misses Graham and Dewese and Messrs. C. L. Mathis and Harlan Williamson, furnished appropriate music. The many flowers were in charge of Alleen Woodman, Earle Beerup and Everett Rogers.

Interment was made at Woodworth cemetery at Island Grove, the bearers being, Arthur Woodman, Harry Crane, William Murgatroyd and Lee Early.

A \$250 Pathe electric phonograph, with 20 records, 5 albums, special this week only \$135.

PEOPLES FURNITURE CO.

## WILL OPEN BIDS FOR PAVEMENTS

The board of local improvements will open bids Monday afternoon for the proposed West State street pavement extension and the Jordan street paving, which will extend from Church street to Diamond and then one block north to North street. Two o'clock is the final hour for the filing date.

"BUGS"  
Chalk talk on oddities of human nature, at Centenary, June 16, 8 p. m. 25c and 15c.

A CORRECTION  
Thru error it was stated in Shadids advertisement in Saturday's paper that the "Doctor" shoe was \$5.95. It should have read \$6.95.

DON'T FORGET SHANKEN'S  
great anniversary selling event opens tomorrow. See double page ad in this issue.

## DISASTROUS FIRE ON SCOTT COUNTY FARM

Barn and Cattle Shed on Peak Farm Destroyed by Fire—Other News of Interest from Winchester.

WINCHESTER, June 10.—A barn and large cattle shed on the late Albert Peak farm three miles southwest of Winchester were burned Friday night. The fire was discovered by Glenn Peak, who resides on the farm, about 10:30 o'clock. Besides the buildings the loss includes several sets of harness and 40 tons of hay. The origin of the fire is a mystery.

Mr. and Mrs. Albert Kreuger are the parents of a daughter, born Friday, first child.

Mrs. J. W. Eckman entertained a number of friends at her home Saturday afternoon, the hours being from 3 to 6 o'clock. The event was a musical tea and a delightful program of music was given. Refreshments were served during the afternoon.

Mr. and Mrs. Claude Thomas will motor to Indianapolis this week to attend the Northern Baptist convention. Rev. W. R. Johnson will also be one of those in attendance.

Mr. and Mrs. E. L. Dillon returned home Friday afternoon with their little daughter, Marian, who underwent an operation in Jacksonville Thursday for the removal of her tonsils.

Miss Grace Oehler of this year's graduating class has taken a position with the Alsey Brick & Tile Co.

Henry Murphy of Chicago is here for a vacation with his parents and other relatives.

Rev. F. W. Crabtree of Chapin called on city friends yesterday.

## MANCHESTER RESIDENT PAINFULLY INJURED

Clyde Chapman Met With Accident Saturday While Unloading Hay—Other Manchester News.

Manchester, June 10.—Clyde Chapman met with a painful accident Saturday while helping unload hay at the home of a neighbor, James Mellor. Mr. Chapman was engaged in unloading hay in the barn when the trip rope broke and he fell backward. The fall resulted in an injury to his back and shoulder, the extent of the injury being as yet undetermined.

Misses Ruth Blackburn and Florence Lemon went to Normal Friday, where they will take the summer course.

Mrs. Everett Whitlock of Jacksonville spent Friday and Saturday with Mr. and Mrs. John Duncan and family.

Mrs. Thomas Doyle and little daughter Elizabeth of Murrayville are visiting at the home of J. C. Andras, Jr.

with an

**"EMERSON"**

The Five-Year-Guarantee Electric Fan FOR BUSINESS

The Emerson is the fan for business, quietly, economically turning the hot spots into cool spots, bringing refreshing breezes into shop, office, store and factory, invigorating the workers and making summer hours productive hours.

Whether it's a wall fan, an oscillating fan, a big fan or a little fan that your business needs, it is an Emerson for there is an Emerson fan to suit every condition.

FOR THE HOME

And why not? In winter you have heat in every room. So why not, in summer, keep every room comfortably cool?

And that is why Emerson fans are made in a number of sizes and types. In the bedroom and dining room an oscillating fan, of the proper size, seems best. In the kitchen a non-oscillating fan which can be used to drive the fumes and heat straight out of the window is the proper thing. A small fan as the regular part of the bath room equipment will bring a world of comfort. All of these fans are portable. They can be carried from room to room.

An Emerson fan uses so little current that you will discover that keeping cool in summer is about the cheapest luxury this old earth affords.

There's a Fan Suited to Your Every Need

### BILL TO LIMIT CAMPAIGN FUNDS IS INTRODUCED

Would Make it Necessary to Publish Names of Contributors

(By The Associated Press)

WASHINGTON, June 10.—Sweeping regulations for publicity of campaign contributions are provided for in a bill introduced today by Chairman Andrews of the house committee on election of president, vice president and members of congress. While the bill makes no attempt to regulate primary expenditures in view of the decision of the supreme court in the Newberry case that such regulation came within the province of the states, it would limit expenditures by candidates for the house to \$5,000 and stipulate that no candidate shall promise any man a political job in exchange for his support.

The name of every person contributing \$100 or more would be published.

The bill provides that reports shall be made by the national committees of all political parties, congressional campaign committees and all organizations of every nature which shall in two or more states influence the result of an election at which representatives in congress are to be elected.

What is regarded by advocates of the bill as a drastic provision provides that every person, firm, association, except political committees as already provided for shall expend or promise any sum of money or any other thing of value amounting to \$50 or more for the purpose of influencing or controlling in two or more states, the result of an election of senator or representative unless he or she records such contributions.

Senator McCormick of Illinois, chairman of the Republican senatorial campaign committee said participation in the meeting could constitute no offense against good citizenship.

Senator Harrison said the voters were not forgetting the significance of the many white house dinners and their possible connection with legislation all of which mean something toward the perpetuation of the Harding political machine. He added that eating at dinners such as the party head had here during their conference must cost several thousand dollars a plate.

### SEVERAL INJURED WHEN TORNADO HITS TOWN OF FON DU LAC

Entire Family is Injured When House is Blown Over

(By The Associated Press)

FON DU LAC, Wis., June 10.—Several persons were injured, two seriously and damage totalling thousands of dollars was caused by a tornado which swept over Fon Du Lac and Green Lake counties early today. The fury of the wind seemed to be concentrated in a radius of 15 miles around this city.

Mr. and Mrs. Gustav Sturm of Van Dyne are at a hospital suffering from serious injuries sustained when their home was blown over. Three children of the couple and Miss Frances Luker of Omro, were cut and scratched.

The Sturm home, a one story cottage, was rolled over four times and left standing upright rods away from its original site.

Sturm altho suffering from several fractured ribs, a broken shoulder blade and with internal injuries, dragged himself to a nearby farm and obtained help.

At Fon Du Lac the gale picked up garages and turned them over. Several homes were unroofed while barns all over the area hit were damaged. The tornado was accompanied by a deluge of rain that converted streets into rivers.

### ELECTION OFFICERS ARE RELEASED

(By The Associated Press)

CHICAGO, June 10.—Five city election officials sentenced to jail for alleged irregularities in counting ballots cast at the April 11 primary, were released today on writs of habeas corpus. They were Katherine Cleary, May Victor, John Money, John Cuslik and Leonard J. O'Neil.

The officials were sentenced to terms of from two to six months in the county jail for contempt of court when they refused to answer questions concerning discrepancies between their poll returns and the figures shown in the recount of ballots. James A. Scott, assistant state's attorney has announced that an appeal will be taken to the state supreme court.

### TWO KILLED; FIVE INJURED AT CROSSING

Belleville, Ill., June 10.—Like Tindall, and his wife Lydia, were killed, their two children, Mrs. Minera Spinner, Tindall's sister and her two small children, all of Granite City, Ill., were seriously injured when a wagon in which they were riding from Granite City to Chester, was struck by a special Illinois Central train at Lemonton, ten miles south of this city today.

### Try This

He leaped six feet from the cliff-side to Standing Rock, The Dells, Wis., to get a close view of the rock. Now he's leaping back again

GOES TO CHICAGO

Arthur M. Watson left over the Alton this morning for Chicago to enter the Worsham School of embalming. Mr. Watson is a worthy young colored man of the city and his friends will hope for his success at the school. He stated last night that he wished to thank his friends for their assistance in making it possible to carry out his plans and said he hoped to return a full fledged embalmer.

Dr. and Mrs. W. H. Scott were callers in town from Alexander yesterday.

### WARRANTS ISSUED FOR PROHI AGENTS

(By The Associated Press)

CHICAGO, June 10.—Warrants for the arrest of two prohibition enforcement agents on charges of extortion were sworn out today on information from the proprietors of a grocery store who said they had paid \$4,000 to the officials to prevent a raid. John A. Holm one of the agents was arrested and a search is being made for Thomas A. Jones; four men, one a federal agent assigned here from Washington, were held to the grand jury today in bonds of \$2,500 each on charges of extorting money from saloonkeepers. Charles Carey is the Washington agent and the others are John Corbeley, Harry Burke and Frank J. Conover. Conover is said to have been a former prohibition officer.

CAMP FIRE GIRLS GOING TO MEREDOSIA

Members of Boy Scout troop No. 6 and the Boy Scouts of the Congregational church have been occupants of the Rotary cottage at Meredosia bay the past week and will return home Monday morning. Their immediate successors as occupants of the club house will be members of the camp fires, the Yojasovi, Aokiya, and Oecoca.

The girls will be chaperoned by Rev. and Mrs. G. E. Stiekney, Mrs. John S. Hackett and Miss Edna Hackett. Miss Carol Lander will be among the cottagers as a member of the Yojasovi camp and as guardian of the Aokiya camp.

### CLUBS AND SOCIETY

Howard Browning Entertained Friends.

A number of people were entertained at the home of Howard Browning, northeast of the city Friday evening in honor of Miss Eleanor Ludwig, who is to leave Monday for an extended visit at Winona, Minnesota. About twenty five young people were present and a most pleasant evening was enjoyed. Games, guessing contests and music were enjoyed. During the evening delicious refreshments were served.

Informal Dance For Guest.

Mr. and Mrs. C. A. Johnson entertained at an informal dance given at their home in Lockwood Place last evening in honor of her niece, Miss Catherine Chambers of Mobile, Alabama, who is a guest at their home. A limited number of young people were invited to meet Miss Chambers and a most delightful evening was spent in dancing. The attractive hospitality of the Johnson home made the affair a most enjoyable one to the guests.

Wedding Anniversary Celebrated

Friday Mr. and Mrs. Harry Furry and family quietly celebrated their 26th wedding anniversary, June 9th, 1896 in the town of Pawnee. Harry Furry and Miss Minnie McClure were married at the home of the bride, the ceremony being performed by Rev. A. L. Plowman, well known here as he was at one time pastor of the Jacksonville circuit, embracing then Ashbury, Salem, Hebron and Shiloh. The newly wedded pair lived in Pawnee till 1912 when they removed to Joy Prairie and remained there for some years, going thence to Merritt to take charge of the elevator and coming thence to Jacksonville to carry on the Miller Bros. grocery business in the Park House building on the west corner of North Main and the square.

The celebration was a family affair and chickens fried by the skillful hands of Mrs. Furry helped make a meal fit for a king. Mr. and Mrs. Furry are among the most estimable residents of Jacksonville and their numerous friends will congratulate them on the arrival of the happy anniversary and wish them a great many more equally pleasant.

L. C. Senior Promenade Monday Evening

The Illinois College senior promenade will be given Monday night in the college gym. The hours will be from 9 to 3 o'clock supper being served at 12 o'clock. Brown's Serenaders will furnish the music for the event.

The arrangements for the dance are in charge of the Rig Veda board. Felix Farrell, business manager of the board is general chairman with Eldon Carr as assistant. Miss Frances Strawn and Francis Thurman are also members of the committee.

Former students of the college, the alumni and friends are invited to attend the dance, which promises to be a very enjoyable event.

Phi Delta Society Plans Open Meeting.

The new society at Illinois College, the Phi Delta Sigma, will hold its first open meeting Thursday morning in the college chapel in the Jones Memorial building. An address will be made by Dr. David S. Schaff, who will also make the baccalaureate address today.

The Phi Delta Sigma society was organized in recent months on a scholarship basis, and the two juniors who are nominated for membership will be announced at the meeting Tuesday morning.

Edward Bert and M. S. Hamilton are down to the city from Chicago representing the Ambu Engineering Co., manufacturers of a device, for at once testing the difficulty with the electrical apparatus out of order in an automobile.

## TO DEDICATE DUNCAN MEMORIAL HOME

Program Arranged for Impressive Ceremony Next Wednesday Afternoon.

The program is complete for the dedication of the Gov. Joseph Duncan Memorial, the Rev. James Caldwell chapter house, at 4 o'clock next Wednesday afternoon. Flag day was appropriately chosen for this patriotic event. State Superintendent of Instruction Francis G. Blair will deliver an address and a number of Jacksonville people will take part in the impressive program which has been arranged.

Special invitations have been sent to donors of Memorial tablets, to those who have assisted the chapter financially or by taking part in programs, families of the soldiers whose names are on the gold star tablets, and to non-resident members of the chapter.

The chapter has been in possession of the Memorial home for two years past but it was determined not to formally dedicate it until the completion of the erection of the Memorial tablets. The program in detail for the dedication event will be as follows:

Bugle Call—Mr. C. A. Sheppard, Bugler.

Salute to the Flag—Led by Mrs. Barr Brown, Regent.

Lord's Prayer—Led by Rev. W. H. Marbach.

Regent's Welcome—Mrs. Barr Brown.

American's Creed (Children of the American Revolution)—Ellen Hardin Walworth Chapter, G. A. R.

Presentation of Chapter House—Mrs. Carl Ellsworth Black, chairman of Tablet Committee.

Acceptance of Chapter House—The Regent.

Introduction of Chairman of the Day (Miss Sarah Maria Fairbank)—Mrs. Barr Brown, Regent.

Governor Joseph Duncan Memorial—Miss Sarah Maria Fairbank.

Washington's Hymn, "Oh God our Help in Ages Past"—Audience.

"Joseph Duncan and His Contemporaries"—Mr. Horace Herbert Bancroft.

Songs—Mrs. Helen Brown Read.

"Educational Value of Historical Memorials"—Mr. Francis G. Blair, State Superintendent of Public Instruction.

"America the Beautiful"—Mrs. Barr Brown.

Benediction—Rev. M. L. Pontius.

At the Piano—Mrs. Helen Ayers Bullard.

Hi-Oxen Buck stove, regular \$150 value, just one, goes this week for \$77.

## NIGHT TRAVEL MORE WEARING ON ROADS

This Is Conclusion of Engineers Reached After Extensive Experiments.

Springfield, Ill., June 10.—(By The Associated Press.)—That night travel is more wearing on highways than day traffic is one of the conclusions reached in the experiments being conducted by the state highway department on the Bates Experimental Road, according to Chief Highway Engineer Older.

During the day, said Mr. Older, the road expands and the center becomes convex. But at night, when the heat is absent, the road assumes a concave shape, the edges curling up and forming a slight hollow in the center.

Heavily loaded vehicles driving along an edge of the roadway at night have a tendency to crumble it.

Attracted by the experiments, the largest of their kind ever undertaken, many engineers from surrounding states visit the road daily. Their number is augmented by residents of all sections of Illinois who show considerable interests in the progress of the tests. Mr. Older has suggested that the public visit on Sundays and holidays when the trucks are not at work and the road is open for traffic.

For the information of visitors, the end of each section is marked to indicate the thickness and the kind of material used in construction.

The testing of the Bates Road by truck traffic was started, the latter part of March and is still under way. A fleet of twenty trucks is operated. The first increment of loading consisted of

empty three ton truck, stripped to chassis and cab so that the load on each rear wheel was 7,500 pounds and on each front wheel 2,250 pounds, making 1,000 round trips over the road.

The loading has been gradually increased and will continue to be increased until the maximum legal road limit of 8 tons on the rear axle—or a total of 12 tons—is reached. The trucks are being operated at the speeds provided in the Illinois Motor Vehicle Act.

## PROMINENT BANKERS COMING THIS WEEK

Illinois College Commencement Visitors Will Be Guests at Home of E. E. Crabtree.

Several Illinois college commencement week visitors are men who are actively interested in banking and while here will be guests at the home of E. E. Crabtree. The visitors will be M. A. Traylor, president of the First Trust & Savings Bank of Chicago; Rolla Wells, former mayor of St. Louis, former governor of the Federal Reserve bank of St. Louis and now receiver of the United Railways Co.; Edward F. Gollra, St. Louis capitalist, former resident of Jacksonville, and Walter Lichtenstein, Ph. D., executive secretary of the First National bank of Chicago. Mr. Lichtenstein came from Brunswick, Germany, to the United States in 1882, and for a number of years afterward held various academic positions here and was an extensive traveler in Europe and South America in the interest of leading libraries. Since August, 1918, he has held a position with the First National bank.

Mr. Crabtree has for a number of years had friendly relations with Mr. Traylor and was associated with Mr. Wells in Liberty loan work all thru the war time.

## Murphy Drives a Dort

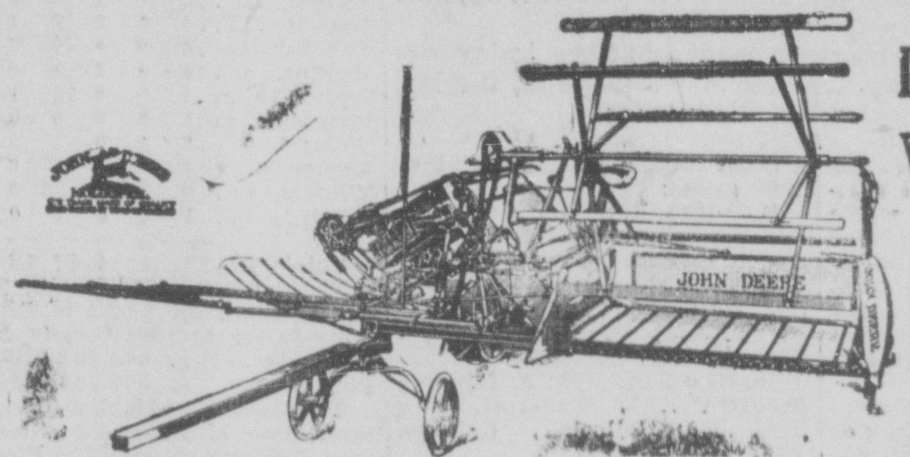

JAMES S. MURPHY, the man who not only won the Indianapolis 500 miles annual classic on Memorial Day, but smashed into smithereens all previous records, DRIVES A DORT.

A short time ago Murphy rode in a Dort Sedan from Fresno to Oakland, a distance of 168 miles. He was accompanied by Joe Thomas and Eddie Hearne, the latter the same driver who ran a good third to Murphy in the Indianapolis race. Murphy was so pleased with the Dort that he wrote a letter to the company, concluding with these words: "This car has capabilities far greater than I realized could be found in a car of its price class. It is a surprisingly consistent and dependable performer."

About a week ago the Dort beat all cars listing under \$900 in the Los Angeles-Yosemite Reliability and Economy run.

## Reasons Why the John Deere is the Better Binder

All of the working parts are more accurately and substantially made.

The working parts of the binder head are cut steel, case hardened.

The one piece steel platform is riveted to angle bars front and rear with four angle steel cross bars.

All main bearings are roller bearing, self aligning.

The bull wheel is heavier, wider and higher.

Has three packers, one of which reaches higher after the butte of grain, thus saving grain.

The truck is much stronger, having trussed steel stub tongue, flexible axle and is quick turn.

The bundle carrier is very strong, being a new type that does not scatter bundles and works very easy for the operator.

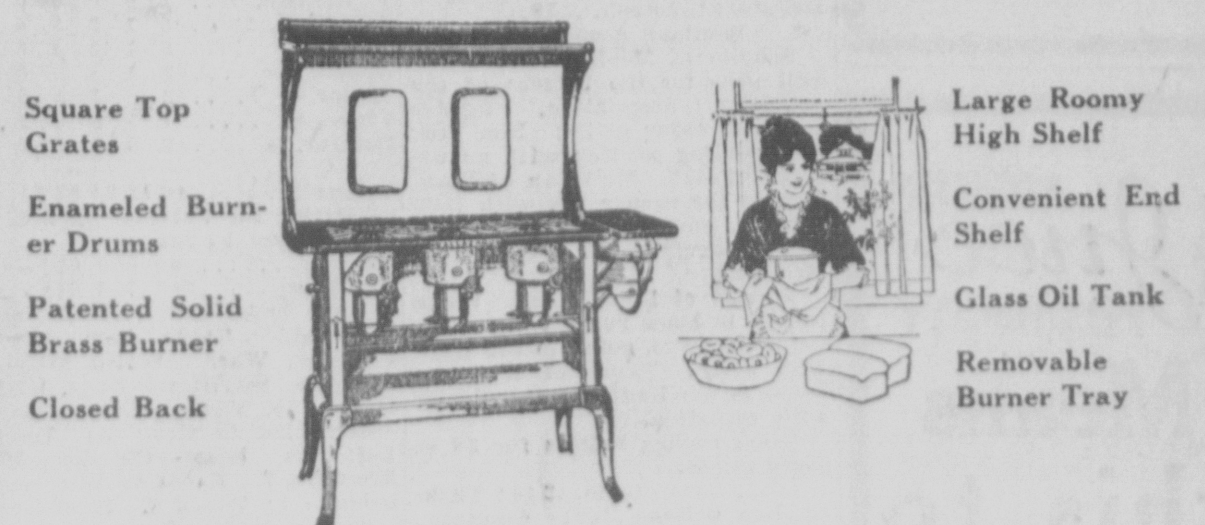

Sample now set up for your inspection.

## HALL BROS.

## ALCAZAR

Kerosene Gas Cook

## Cooks and Operates Like a Gas Range Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil. The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed. The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking. You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself. Let us show you this stove. Note how well it is made—"A Beauty," you will say.

Wicks for All Makes Oil Stoves

# NEWS OF THE SPORT WORLD

## HITTING FALLS OFF AS PITCHERS HIT STRIDE

Flash in Pan Batters Who Were Hitting .400 Are Now Slipping Back to Normal Place Around .275—Sisler Tops American and Gowdy National—Other League Leaders

CHICAGO, June 10.—With warmer weather and more work, the major league pitchers are hitting their stride with the result that the sluggers are finding it harder every day to get the ball into safe territory. This is shown by the steady shrinkage during the past week or two in the batting averages of such hitters as George Sisler, Ty Cobb, Tris Speaker, Rogers Hornsby and others.

The youngsters who set the league afire in the first weeks of the season with .450 marks are now getting back to their normal averages of .275 while Sisler and the others dropping more slowly that the flash-in-the-pan batters, still are rapidly getting down to their usual records.

Sisler still tops the American league batters today despite a drop from .425 last week to .419 this week, the latter mark including games of last Wednesday.

Sisler cracked out nine hits in his last six games, scored six runs, and stole five bases, and as a result continues to be the whole show, with the exception of the stolen bases, Sisler is far in front of his rivals on the paths, his closest competitor being Kenneth Williams, who has pilfered seventeen bases.

The late start and slow progress made by "Babe Ruth" the King of Swat, to retain his honors, has encouraged other players to enter the competition in the hope of topping the "Babe." Ken Williams of St. Louis bagged another homer bringing his string to fourteen. Ruth has three. Ed Miller of Philadelphia is trailing Williams with 12; Harry Heilmann of Detroit and C. Walker of Philadelphia have eight a piece, while Baker of New York, Judge of Washington and Falk of Chicago, have entered the contest with 7 each.

Other leading batters for 25 or more games: Stephenson, Cleveland 416; Ed Miller, Philadelphia 385; Witt, New York 372; Cobb, Detroit 370; Speaker Cleveland 369; O'Neill, Cleveland, 364; Schang, New York 347; Heilmann, Detroit 339; Bassler, Detroit 336; Blue, Detroit, 331; McManus, St. Louis 330; Sever, St. Louis 328.

**National League.**  
First in war, first in batting. This is the honor which has fallen to Hank Gowdy, of the Boston Braves, the first major league player to enlist in the war. Today he is eluding the batters of the National League with an average of .384. Gowdy is nine points ahead of Bigbee of Pittsburgh and Hargrave of Cincinnati who are tied with .375, for the runner-up honors. Hornsby of St. Louis and T. Griffith of Brooklyn, are trailing for third place honors with averages of .374 each.

Hornsby failed to add to his home run record in his last five games, but is far in front with 13. Max Carey of Pittsburgh con-

## M'HENRY'S HOMERS HELPS CARDS WIN 5-1

One Comes With Hornsby on Base—Ainsmith's Timely Hitting Scored Other Two Tallies.

PHILADELPHIA, June 10.—McHenry's two home run drives were factors in St. Louis' second straight win over Philadelphia today 5 to 1. His home run in the third inning scored Hornsby ahead of him. Ainsmith's timely hitting scored the Cardinal's other two tallies.

Time 1:50.

**American Association.**  
Myatt of Milwaukee remains on top of the batting heap in the American Association with an average of .400 with "king" Lear, a teammate, running second, four points behind him. Third in line is Kirke of Louisville, with an average of .333. The figures include games of Wednesday.

"Red" Russell of Minneapolis, with Kruger of Indianapolis, and Becker of Kansas City, are shooting at the home run leadership with the prospects of overcoming Bunny Brief's mark of fourteen. The Kansas City slugger has been out of the game due to illness. Russell has connected with ten homers, while Kruger and Becker have nine apiece. Mathews, of Milwaukee, and Baird of Indianapolis are tied for base stealing honors, with ten apiece.

Other leading batters for 30 or more games:  
Becker, Kansas City, 379; Hendryx, St. Paul 379; Krueger, Indianapolis, 370; Haas, St. Paul 364; Griffin, Milwaukee 362; Jourdan, Minneapolis 362.

**Western League.**  
Connecting with 15 hits in 7 games, Carl Sast, the Wichita slugger, boosted himself into a tie with Manush of Omaha for the batting leadership of the Western League. They are hitting .415, with Fisher of St. Joseph next in line with .387. Davis of Tulsa, remains in possession of home run hitting honors, with ten, while Hemingway of Sioux City continues to top the base stealers with fourteen.

Other leading batters for 30 or more games:  
Eli, Sioux City 382; Metz, Sioux City 381; Davis, Tulsa 376; Graham, Des Moines 368; Bennett, Tulsa 366; Berger, Wichita 363; Pitt, Oklahoma City 359; Middleton, Okla. City 358; DeFate, St. Joseph, 358.

**Southern Association.**  
Schulte of Mobile is setting a still pace for the batters of the Southern Association, figures compiled today giving him the commanding position with an average of .423. McMillan of Memphis is the runner up, with .362. Schulte, however, had participated in twenty fewer games than McMillan.

Barrett of Little Rock broke the tie in home run hitting existing a week ago, going to the front with seven. Henry of New Orleans is the leading base stealer with seventeen.

Other leading batters for 30 or more games:  
Silva, Birmingham 344; Tucker, New Orleans 343; Connolly, Little Rock 341; McCormick, Nashville 333; Stewart, Birmingham 333; Tutwiler, Memphis 332; Taylor, Birmingham 330; Camp, Memphis 330.

## BAKER HIT BY PITCHER GOES TO HOSPITAL

ST. LOUIS, Mo., June 10.—Frank Baker, veteran third baseman of the New York Americans was taken to a hospital this evening suffering from an injury caused by his being hit in the right side of the back with a ball pitched by Urban Shocker in the third inning of today's game. No announcement was made at the hospital as to the extent of his injury.

**KNOX TO PLAY ARMY AT BASKETBALL**  
GALESBURG, Ill., June 10.—A contract has been closed for a basketball game between Knox College and the Army at West Point. It was announced today. The game will be played at West Point January 13.

## ANNOUNCE RULES FOR SPEED BOAT RACES

CHICAGO, June 10.—Conditions governing the second annual Great Lakes Speed Boat championship races and the hydroplane and runabout races to be held in connection with the second annual pageant of progress at the Chicago municipal pier were announced today by Commodore Sheldon Clark, regatta chairman. Hydroplane races will be run August 3-6 and the runabout races will be on August 11-13 on the speed boat course north of the municipal pier. The boat winning the Great Lakes Speedboat championship will be awarded a trophy and \$750 and the boat winning the free for all will receive a trophy and \$500. Hundreds of other prizes have been announced and a large entry list is expected.

## NEW YORK WINS IN NINTH INNING

NEW YORK, June 10.—The New York Nationals raised their world's championship flag today and then pulled out a sensational ninth inning victory from Cincinnati by a score of 3 to 2.

It was George Burns day on the Polo Grounds and Burns was presented a diamond studded platinum watch with a jeweled chain, a gift from the officers of the Giants, and silver cigarette case from local sporting writers. Judge Landis presided at both presentations and took part in the parade before the game.

**Score:**  
Cincinnati—100 010 000—2 6 1  
New York—003 000 000—3 3 7

## WORK ON RACE TRACK NEARLY COMPLETED

The work on the race track of the Morgan County Fair grounds has been practically completed. All the grading has been done and all that needs to be done to put the track in shape for the races, is a little touching up after a rain. A list of the entries in the races for this year will be published in the near future. A fence will be erected all around the track after the work is entirely completed. Racing is to be one of the main features at the Morgan County Fair to be staged here August 29, 30, 31 and September 1.

## NEAR FIST FIGHTS AT BROWN-YANKEE GAME

Shocker and Mays Nearly Come to Blows—Casualties, Baker in Hospital From Being Hit by Ball—Phil Ball Owner of Browns Hit by Foul Ball.

ST. LOUIS, Mo., June 10.—Miller Higgins' wrecking crew wallowed the Browns 14 to 5 today in a game featured by Ruth's sixth homer, a circuit drive by Pipp and a near fist fight between Pitchers Mays and Shocker. Shocker in pitching to Mays tossed three close ones to the latter's head when Mays taunted his opponent. Mays rushed toward Shocker and threatened to fight. Umpires stopped them. Witt followed Mays at bat and ducked a close one and this started a near rumble. Police and umpires prevented any injuries.

Phil Ball, owner of the Browns was hit over the right eye with a foul ball off Robertson's bat. While he was out severely physicians said the injury would not prove dangerous.

## PLANS IN MAKING FOR KANKAKEE FAIR

KANKAKEE, June 9.—Preparations for the Kankakee State Fair, scheduled for September 11 to 15 are progressing rapidly. A contractor has a force of men at work in the fair grounds, rebuilding the grand stand which was destroyed by fire several months ago. Other men are engaged in making additional improvements. While the reconstruction work is being pushed a small army of clerks will be employed in making arrangements for exhibits, concessions, races, premium lists and outdoor attractions.

It was not definitely decided to hold the fair as scheduled until Saturday, June 3, at an all day meeting of the board of directors. The contract for rebuilding the grand stand was let at this meeting.

Although there is short time for preparation, the management has announced that every effort will be made to obtain a larger premium list, more attractions and make the show larger than ever before.

## PHILADELPHIA WON FROM CLEVELAND

CLEVELAND, O., June 10.—Philadelphia opened the Cleveland series with a 3 to 0 victory. It was a pitchers' battle between Walker and a triple by Johnson. **Score:**

## ST. PAUL HAS JINX ON MINNEAPOLIS

Has Won Majority of Games From Rival in Last Seven Years—Beat Millers out of Flag Last Year.

MINNEAPOLIS, Minn.—Can the Minneapolis American Association team beat the St. Paul traditional "jinx" this year? This question is agitating much discussion among baseball fans of this city, especially since the Saints took the lead in the first two intercity series played this year.

The Saintry City pennant chasers in the double A circuit for the past seven seasons have taken a goodly majority of the scheduled games each season from the Millers.

There does not appear to be any plausible explanation for this "hoodoo." No matter how good a team manager Joe (Pongo) Cantillon has—and he has had some great pennant winning combinations in his years with the Millers—the Saints also have been a stumbling block, and even with the latter are far down in the standings they are more feared by Minneapolis than any other outfit in the league.

Last year Minneapolis was runner up to Louisville for the pennant. Many baseball followers here attribute the loss of the pennant to the defeats Minneapolis received at the hands of St. Paul, for the latter team won 16 of the 24 games played with the Millers last season.

Louisville finished with 98 games won and 70 lost, while the Minneapolis figures were 92 and 75. Had the Millers won 16 and lost 8 to St. Paul—reversing the actual result of the intercity clashes—the outcome of the flag chase would have been different. St. Paul finished in sixth place.

In the first intercity series this year, St. Paul came out on top, winning three games out of five, and in the second series each team won one game, rain causing postponement of the other scheduled games.

Figures compiled here show

## WHITE SOX FIND BATTING EYES, WIN

Pound Three Red Sox Hurlers and Score Ten Runs—Faber Takes It Easy

CHICAGO, June 10.—Chicago batted three twirlers hard today and won from Boston 10 to 5. Faber, who went the route for the White Sox was hit hard but he had no trouble winning because of the comfortable lead obtained in the early innings. The score:

## INDEES WILL MEET THAYER TEAM TODAY

Locals Will Have Strong Opponent  
This Afternoon—Clark Will Catch for Indies.

Frank Smith's Indies will meet the strong Thayer team at South Side park this afternoon. The game promises to be one of the hardest on the local's schedule as the Thayer team is made up of first class players.

Recently the team engaged in game with the Roodhouse Nationals and were only defeated by a score of 3 to 2.

There will be some changes in the lineup for the game this afternoon. Harry Clark who has been with Roodhouse this season is back and will catch for the Indies. There will be other changes.

## IRA FANNING WILL TEACH AT CARROLLTON

Ira D. Fanning of Murrayville who has been principal of the high school at Hallcock, Minn., the past year will be principal of the Carrollton high school the coming term.

Mr. Fanning graduated from Illinois College in the class of 1921. He had been pitching for the Hallcock baseball team the two previous seasons and immediately after graduating returned to there again to pitch. In the fall he began his teaching duties.

He is again pitching for the team and so far has won eight out of nine games. Recently Hallcock defeated the East Grand Forks team by a score of seven to five. Fanning struckout seven men and walked two. He also got three hits one a double and scored three runs.

Fanning writes friends in Jacksonville that he and Mrs. Fanning will return here during the summer so that he will be ready to begin his work at Carrollton in September. Their many friends will be glad to know that they are to again be in this vicinity.

## BIG BARGAINS IN CARS AND TRUCKS

Dodge touring, extra good shape; Lexington touring; Buick Touring; Studebaker roadster; Ford touring; Commerce truck; International truck. All in good condition and priced to sell quick.

HOUSTON & McNAMARA

C. & A. TO RUN

LOW RATE EXCURSION

The Chicago & Alton Railroad announce an extremely low excursion fare of \$3.30 from Jacksonville to Chicago and return.

Tickets will be good for going passage on train leaving Jacksonville at 2:17 A. M., Sunday, June 18th, arriving at Chicago 7:59 Sunday same date. Returning on train leaving Chicago at 12:01 midnight same date (Sunday June 18th.) This is the lowest excursion made to Chicago and return since before the war and it is expected that the extremely low fare will draw a large crowd of excursionists.

## Sold at \$100,000

Willie Kamm, San Francisco star third baseman, has been bought by the Chicago White Sox for \$100,000 and two players valued at \$25,000.

## FOLKADOT IS AN EASY WINNER

BAYSIDE, N. Y., June 10.—The Folkadot, American yacht, gained possession of the International Championship for the small craft today by decisively defeating its English rival, W. J. Daniels' Endeavor for the third straight time. The victory made a clean sweep for the Yankee craft which had won easily both previous races from the challenger.

Today's race provided the most interesting and was the only one in which the British entry finished.

## PITTSBURGH FOUND BOSTON EASY

BOSTON, June 10.—Pittsburgh found Boston pitchers easy today and errors by the Braves aided the Pirates to a 9 to 1 victory. Glazner allowed only five hits one of them a triple by Nixon.

Score: Pittsburgh—

000 002 115—9 15 1

Boston—

000 000 010—1 5 3

Glazner and Gooch; Watson, Pillingim, Lansing and O'Neil, Gowdy.

## PRINCE SENDS HORSES TO CANADIAN RANCH

GALGARY, Alta.—Four thoroughbred race stallions and five mares have been shipped today by the Prince of Wales to his ranch near High River, Alta., which he purchased when he visited Canada in 1919. One of the stallions was purchased in England recently by his royal highness for \$55,000. The other animals are said to represent some of the best racing lines in the British Isles. The consignment of horses arrived in charge of a special staff sent over from one of the prince's English farms. The animals will be used for breeding purposes.

Two years ago Prince Edward sent over his shipment of horses, cattle and sheep which were to form the foundation of the herds on his Alberta farm. In addition to thoroughbred race horses it included Shorthorn Cattle, Shropshire sheep and Dartmoor ponies. These animals have been exhibited at fairs in Western Canada and have carried off many blue ribbons. They have increased substantially and there is a promising number of young animals in the prince's pastures. Most of the males it is said will be offered for sale to raise the standard of Western Canadian stock by the introduction of this new blood.

Hi-Oxen Buck stove, regular \$150 value, just one, goes this week for \$77. PEOPLES FURNITURE CO.

## FRASER WINS THE JUNIOR CONTEST

Prize Contest is Awarded to Him by Judges by Unanimous Vote—Will Represent Illinois at Inter-Collegiate Contest Next Fall.

The Junior Prize Speaking Contest, which is open to members of the Freshmen, Sophomore and Junior Classes of Illinois College, was held last evening in the Jones Memorial building on the campus. Two prizes are offered to the contestants of this contest.

The Junior ranking highest in the contest is awarded the Junior prize, while the individual ranking highest represents the college in the Inter-Collegiate Oratorical contest, which is held the following fall. In the contest held last night Bernard Fraser, a junior won both prizes. The contestants and their selections follow:

Oren Foreman—"Patriotism, Past and Present."

Benard Fraser—"Brothers All."

Elmer Nickel—"A True Conception of Prayer."

William Headen—"Noises History Has Never Made."

Irving La Rue—"Theodore Roosevelt The Man."

A good sized audience assembled to hear the speakers. Professor Roy Swift presided at the meeting and Prof. R. H. Lacey, Miss Adelle E. McQuiston, and Prof. J. G. Ames were the judges. Mr. Fraser was unanimously chosen as winner.

## GERMAN PRESIDENT GAVE RECEPTION

Entertained for First Time Recently—Aristocracy Has Little Use for Him.

BERLIN.—In a social sense, President Frederick Ebert is probably the most retiring chief of and European democracy.

Society as it is understood in other capitals is non-existent in Berlin. The great majority of the old Prussian aristocracy have withdrawn to the seclusion of their country estates. They have no desire to mix with the "newly rich" and the new order of things is frankly repugnant to them.

Visitors are few at 73 Wilhelmstrasse and no country cousins stop to gap at the old place of the erstwhile court marshal which the President of the German republic has made his home.

Rarely is the ex-saddler seen or recognized in public and picture posts of members of the Hohenzollern family are more plentiful in stationery stores than those of Fritz Ebert.

A formal reception at the presidential residence is therefore something of an event in Berlin. For the first time, Herr Ebert the other evening entertained about 100 of the most prominent German citizens who have made their peace with the present regime or nearly so.

Besides cabinet ministers and chiefs of departments, there were university professors, poets, sculptors, musicians, painters, actors, and authors.

President Ebert, welcoming his guests, spoke of his desire to meet personally the present leaders of thought, arts and sciences of the fatherland and dwell on the importance such gatherings would have in fostering culture which he conceived it was the task of the new republican regime sedulously to promote.

Professor Adolph Von Harnack, theologian, delivered a short allocution on the ancient conception of charity, and Konrad Ansoerge, eminent pianist, played Beethoven's Appassionata.

The president is a cheerful host and his first social evening is said to have been a complete success.

Mrs. Andrew Findley is spending the week end in Poria, visiting with her husband, who is employed at a theater there.

Mr. and Mrs. W. H. P. Huber of Elgin, Illinois, and two children arrived in the city last evening, and will be the guests of Mr. S. W. Nichols and daughter Miss Frances.

## Would Testify

Mrs. Marguerite Kendall Mellen, Los Angeles, says she knew Walter S. Ward, slayer of Clarence Peters, in Pittsburg; and is willing to testify at his trial at White Plains, N. Y.

## SWAMP AT BRAIDWOOD HAD STRANGE DENIZENS

Huge Dragon Flies and Cockroaches Predominated—This was One Hundred Million Years Ago.

Chicago.—(By the Associated Press.)—Enormous ferns, gigantic rushes and club mosses and strange looking trees, many of them more than one hundred feet in height and with needles of two or three yards length, and a host of insects among which huge dragon flies and cockroaches apparently predominated, once inhabited a swamp at Braidwood, Ill., according to Adolf C. Noe, professor of paleobotany at the University of Chicago.

Prof. Noe reconstructed this picture of the vegetation and animal life of prehistoric times from fossilized remains found in Skinner Mine No. 2 in the Braidwood district, fifty seven miles south-east of Chicago.

"The Braidwood mine," Prof. Noe stated, "is now the best place to find fossils in northern Illinois and has somewhat replaced the famous Hazon Creek deposits in of 49 feet, and directly above it is popularity with collectors.

"The coal is found at a depth of 49 feet, and directly above it is a grayish shale which the miners call soapstone, and which contains round calcareous stones. If you crack these stones with a hammer, they split into half like a sandwich, and on the inside of each half you can see the impressions of fern leaves and other plants of the coal era. Also insects, fishes, crawfish, and other small inhabitants of land, water, and air are found, but the plants are most predominant.

"A considerable number of plant species can be listed from Braidwood, and we are able to reconstruct in our imaginations a lively picture of the vegetation of those long, by-gone days. There was once in Braidwood a swamp which stretched far east and west and south and which was inhabited by enormous ferns, gigantic rushes and club mosses and strange looking trees which had needles of two or three yards length. Many of the trees of that time must have been more than one hundred feet in height as we can judge from the size of the trunks and leaves.

"The animal population of these swamps contained small reptiles, amphibians and a host of insects among which enormous dragon flies and gigantic cockroaches seemed to have been predominant. There were no butterflies, no warm blooded animals, no birds nor even bird like reptiles; no flowers. Probably the only colors which living nature provided were green brown yellow and black. The sounds were the croaking of froglike, amphibia and the noise produced by cockroaches and dragon flies; no singing of birds, no chirping of crickets. A strange world! And yet after all, representing the same biological principles such as are ruling in our days, of the enormous vegetable masses which fell into those swamps the coal beds were formed and one hundred million years passed away before man came and ultimately utilized again the sunlight and heat which had been stored up in these millions of tons of coal."

Electric fans with 6 inch solid brass blades; a fine little fan for \$5.00. There is a world of comfort for the money. 8 inch fans, \$7.50. Better call and see them or phone your order and we will deliver promptly. BRADY BROS.

LEAVES FOR BLOOMINGTON Miss Antoinette Gouveia leaves this afternoon for Bloomington, where she will pursue a course of study at the State Normal summer school.

Mr. and Mrs. Richard Ayer and son Don of Monticello, Illinois are week end guests at the home of Mr. and Mrs. A. C. Foster in South Jacksonville. They are on their way to St. Louis to visit friends.

## MEREDOSIA CAMPERS HAD AQUATIC MEET

Boy Scout of Jacksonville Participate in Swimming and Boating Contests—Camp Notes.

Members of the Boy Scout organizations who have been in camp at the Rotary club cottage at Meredosia the past week participated in an aquatic meet Saturday. There were both swimming and boating events and the boys entered heartily into the spirit of the contest.

The honor of winning the largest number of points went to the members of Group 2, while group 4 was a very close second. Group 3 was third in standing and group 1 fourth. "Slim" Walbridge was the individual star, winning 36 points in all.

The various events, together with the winners are listed below. The figure in parenthesis following each name indicates the group to which the contestant belongs:

### Camp Notes.

Members of the camp were glad to welcome Robert Carter Friday for a stay of two or three days. Dr. and Mrs. W. A. Walwright and children were down Friday night to visit William, Jr.

The camp has received a cake treat from the Greenleaf family, 18 loaves of ideal bread from J. N. Conover, and some fine nut bread from Mrs. T. P. Carter.

Camp will be broken Monday morning and the cottage this week will be occupied by three groups of Camp Fire girls.

Swimming—50 yards; first Walbridge (2); second Bill Capps (4); third Bill Milligan (3). 100 Yard Dash—first, Walbridge (2); second, Bill Capps (4); third Bruce Milligan (4). 100 Yard Swim on back—first, Walbridge (2); second, Bruce Milligan (4); third, Bill Capps (4).

Quarter Mile Swim—first Walbridge (2); second, Bruce Milligan (4); third, Don Wood. Underwater Swim—first, Bruce Milligan (4); second, Walbridge (2); third, Conkle (4).

Longest Stay Under Water—first, Walbridge (2); second, Vosseller (1); third, Woods (2).

Dive for Distance—first, Walbridge (2); second, Bill Capps (4); third, Bruce Milligan (4).

Boating—

Quarter Mile Singles—first,

### RUPTURE EXPERT

Seeley, Famous in This Specialty, Call'd to Springfield.

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the Leeland Hotel, and will remain in Springfield this Tuesday only, June 13th. Mr. Seeley says: "The perineal shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

HOME OFFICE, 117 NORTH DEARBORN ST., CHICAGO. (Advertisement.)

Daley (4); second, Conover (2); third, Osborne (2).

Half Mile Singles—first, Daley (4); second, Conover (2); third, Osborne (2).

Half Mile Doubles—first, Lander and Walbridge (2); second, H. Capps and Conkle (4); third, Marshall and Walton (1); Double Hand Paddle—first, Lander and Wood (2); second, Thompson and Conkle (4); third, Martin and Conover (2).

Quarter Mile Junior Scout Singles—first, Potter (4); second, Greenleaf (3); third, Taylor (1).

### GEORGE W. SCOTT

HERE FOR VISIT

George W. Scott arrived in the city last night from Connorsville, Ind., where he is associated with E. A. Brennan in the ownership and management of the McFarlan hotel. He still has a warm spot in his heart for Jacksonville and is glad to greet his many friends again. He will remain in the city for several days.

Mr. and Mrs. Henry Lukeman arrived in the city from Franklin yesterday.

## RADIO

### SHIPPED COBS TO MISSOURI FOR PIPES

Morgan County Farmers Find Special Kind of Corn is Profitable—Will Plant 1100 Acres Again to Grow Cobs for Pipes.

Several of the Morgan county farmers who last year raised corn of a special variety in order to provide cobs for Missouri pipe factory have recently made shipments. This list of farmers includes P. J. Woulfe, John Cain, John Costello and Thomas Cain. That it pays to raise this kind of corn was shown by the fact that Mr. Cain received \$522 for the cobs from 40 acres of corn and Mr. Woulfe \$450 for the cobs from 40 acres. Other farmers have received proportionate sums in accordance with the acreage planted.

F. L. Sharpe is the representative of the pipe factory at Union, Mo., and supplied the seed for the farmers. In all about 1100 acres of Morgan county land was planted to this special kind of corn the past year and about the same acreage will be in use this year. The farmers are paid for the selected cobs at the rate of 50c per 100 cobs. The settlement is not made by weight.

### WILL GO TO WELLESLEY FOR COMMENCEMENT

W. E. Hall accompanied by his niece, Miss Frances Griswold, will leave tomorrow for the east to be present at commencement exercises at Wellesley. Miss Rachel Hall is one of the graduates. After the commencement week program Mr. Hall, Miss Hall and Miss Griswold will spend two weeks on the Maine coast and will probably visit several other localities before making the return trip to Jacksonville.

Electric sad irons, gasoline sad irons. Call or phone your order. BRADY BROS.

### CHILDREN'S DAY AT MCABE M. E. CHURCH

The following Children's Day program will be given at McCabe M. E. church this evening beginning at 8 o'clock:

- Song, "Bring Them In."
- Prayer.
- Scripture Reading.
- Song, "Jesus Love Me."
- Welcome—Ruby Mounts.
- Recitation, "We Seek"—Bernice Mack.
- Recitation, "God Knows"—Elizabeth.
- Instrumental Solo—Elizabeth Barnett.
- Recitation, "Will He Meet Me at the Door?"
- Recitation, "All to Jesus"—Cordelia Wright.
- Vocal Solo, "Little Pink Rose"—Eileen Florence.
- Exercise, "Sunbeams"—Five Little Girls.
- Recitation, "The Sweet Story of Old."
- Recitation, "Somebody Cares"—Florence Meadows.
- Instrumental Solo—Helen Meadows.
- Recitation, "I Cannot Do Great Things"—Dorothy Mounts.
- Song, "Sweeter As the Years Go By."
- Recitation, "Nobody's Child"—S. E. Barnett.
- Recitation, "The Birth of Children's Day"—Helen Stone.
- Duet, "Whispering Hope"—Miss Bessie Vaughn and Miss Christina Martin.
- Remarks—Rev. A. M. Todd.
- Offering.
- Doxology.

### WILL MAKE MEMORIAL ADDRESS

John J. Reeve will go to White Hall this morning where he will make a Memorial address at a joint meeting of Roodhouse and White Hall Pythians. Mrs. Reeve will accompany him.

Mr. and Mrs. J. W. Patterson of Eldorado, Kansas, were callers on city friends yesterday.

### MORE SAFETY BOXES AT AYERS BANK

Five Hundred Being Added to Original Thousand to Meet the Increasing Demand From Customers.

In conformity with an order placed several months ago by the Ayers National Bank, the equipment for 500 additional safety deposit boxes was received Friday and the work of installation was begun Saturday. Experts are placing the boxes in position and when the work is completed the Ayers National Bank will have a total of 1500 safety deposit boxes, available for the use of their customers. One thousand boxes were installed when the bank was built in 1911.

For some time past all of these boxes have been in use and it was in order to meet the continually growing demand that the order for the 500 additional boxes was placed. The new boxes are exactly of the same type as those originally placed, the equipment being of a standard type which is found in not more than two or three cities in Illinois outside of Chicago.

The patrons of the Ayers National bank have the opportunity of using these deposit boxes, which have full burglar proof protection.

Each box is double locked and cannot be opened except by the use of the master key in the hands of the attendant and the key which the customer acquires with the right to use a box.

The yearly rental rates are very low and the service includes the use of the convenient retiring rooms near the vault. Each of these rooms is furnished in a way to make it convenient for the examination of papers in entire privacy. Pens, ink, blotters, scissors and the other little things that one is likely to need in making changes or notations with reference to bonds and securities are found in each one of these customers' rooms.

Each room is automatically lighted as the door is opened and the light is extinguished as the customer leaves the apartment. As indicated, the new boxes have been installed in space adjacent to that occupied by the original boxes and the outward appearance is as if the entire installation had been made when the bank was built.

The service afforded to customers in connection with the rental of safety deposit boxes includes an attendant at the door, always ready and willing to assist the customer.

The vault and burglar proof safe equipment at the Ayers National Bank was installed at a great expense and at the time seemed to be larger than the bank and its customers needed. However, subsequent growth has justified the vision of the officers of the bank and the need for the space and equipment which the bank affords has increased in a very rapid way.

### Screen doors and windows covered and painted. Call or phone your order. BRADY BROS.

### A PLEASANT MEETING

Yesterday C. C. Carter was called up over the telephone by a man whose voice he failed to recognize and who teased him for quite a while asking for that auto ride promised and various other things. The stranger proved to be an old time friend Chester McDonald, formerly of this place, but for some years a successful plumber in Port Arthur, Texas, where Mr. Carter was for quite a while contracting. Mr. McDonald had been to Detroit to the national convention of plumbers and enroute home called on his friend and they took Mr. Carter's car and rode thru Nichols park and various parts of the city enjoying a pleasant time together.

B. W. Housman of Indianapolis was among the callers in the city yesterday.

### LOCAL MILITIAMEN TO CAMP GRANT

Captain Wesley James and ten enlisted men of the Jacksonville Wovitzer company, 130th Infantry, Illinois National Guard, left this morning enroute for Camp Grant, Rockford, where they will attend a special training school under the direction of regular army officers as instructors. The local men left on the C. & A. Hummer on a sleeper for Chicago, from whence they will transfer on the Burlington and arrive at Camp Grant this morning.

Those making the trip were: Capt. James; Sergeant Frank A. Walters; Corporals William G. Flynn, Donald Williamson, William E. Benson, Clarence L. Temple and George Withee; Privates Franklin J. Upp, C. W. Hogland, Gerald T. Fitzgerald and George M. Evers, company clerk.

The local troopers will return next Friday evening. They took a full field pack to camp with them. Groups from all militias in the state will enter training at Camp Grant with the local contingent.

Upon his return Captain James expects to recruit the local company from 58 members to the full strength of 78 members, before taking the entire company to Camp Grant on July 18 for 17 days of training. The local business men have promised to lend their assistance to the signing up of recruits.

### EAT PRINCESS PIE CLUBS

The directors of the Social Service League will meet at the rooms Tuesday evening at 7:30.

The Grace Church Pastor's Aid society will meet in the social rooms of the church Tuesday at 3 P. M. A full attendance is desired as this is the last meeting for the summer. Mrs. Ben Lorton.

The U. C. T. Woman's Club will meet Wednesday afternoon with Mrs. J. Ralph Brown, 521 East College Avenue. Mrs. Levery assistant hostess.

The Queen Esther Circle of Centenary church will meet Tuesday evening in the church parlors. The hostesses are Mrs. Ruth Patterson, Mrs. Roberts, Miss Ruth Wiley. Miss Waive Martin will have charge of the program and Miss Garneda Phelps devotional leader.

The Mary Melton division of the Foreign Missionary Society of Centenary church will meet Monday evening with Mrs. Fred Six, 523 South Main street. The hostesses are Mrs. Fred Six, Mrs. A. J. Haney, Miss Grace Rapp will have charge of the program, Miss Gertrude Adkins devotional leader.

The Past Noble Grand club of Jacksonville Rebekah lodge No. 13 will meet Thursday evening with Mrs. Sarah Trabue, 617 Hardin avenue.

The Catholic Ladies' Aid will meet Wednesday, June 14, with Mrs. J. H. Cain south of the city. This is the last meeting of the season and a pleasant time is expected. There will be a program of amusing events and prizes will be offered. Following the program a suitable picnic supper will be served. All the members of the society will be accommodated with cars for the occasion.

### COMMUNITY MEETING HELD AT LITERBERRY

Another of the community meetings under the auspices of the farm bureau was held in the Baptist church at Literberry Saturday night. Durrell Crum, township chairman, presided during the meeting and the audience was so large that it entirely filled the church edifice.

The program began with vocal music by Mrs. Durrell Crum, Misses Wilma and Alta Crum. Afterward D. T. Helmich made a talk on poultry and County Agent Kendall talked about the aims of farm bureau work. The question period was unusually interesting. The three films, "King Corn and His Enemies," "The Bee and Its Activities," and "The Stapper Way," were shown and greatly appreciated.

### DON'T FORGET SHANKEN'S

great anniversary selling event opens tomorrow. See double page ad in this issue.

### PHI ALPHA TO HOLD TRIENNIAL REUNION

The Phi Alpha society of Illinois College will hold its triennial reunion on Tuesday evening this week. At similar events in the past an afternoon program has been given, followed by a banquet in the evening. This year it was determined to have only the evening program and it will take place at Academy Hall.

A banquet will be served there and will be followed by a program of toasts. The arrangements for the triennial are in charge of a committee of present members of the society and the young men are being assisted by a number of the former members.

Beautiful Mahogany bedroom suite, twin beds, springs, mattress, chiffonier, vanity dresser, bench and rocker, regular \$350 value, special this week for only \$150. PEOPLES FURNITURE CO.

LICENSED TO MARRY.  
Walter Bussey, Jacksonville;  
Bertha Tankersley, Winchester.

J. C. Huett of Springfield made a business trip to the city yesterday.

### WORKING OUT COUNTY FAIR PREMIUM LIST

Domestic Arts Department Offers Wide Range of Opportunity For Prize Winning.

The premium list for the Morgan County Fair for 1922 are being worked out by the Department superintendents and will be listed in the Journal from time to time.

Dept. IV; Domestic Art (Mrs. Harry Strang, Supt.) In case where there is no competition in any class, First Premium will be awarded on merit; but only good second premium will be paid.

No article purchased in a store, made in a factory, or borrowed, can compete for a premium in this department. All articles shall be the work of the exhibitor and must be completed. The judge is instructed not to award premiums unless the articles are deemed worthy of merit.

The Fair Association will not be responsible for loss or injury to exhibits. Where two or more articles are entered for the same premium they should be securely fastened to each other.

The following suggestions will be useful in determining whether or not the articles are worthy of being exhibited: Have the articles a real use; are the materials suitable and harmonious; and do they conform to the principles of decorative design; is it subversive to the use of the article? Is the workmanship worth displaying? A little thought on such fundamental principles will greatly improve the educational value of textile exhibits.

Embroidery First Department, Mrs. H. G. Strang in charge. Three prizes are offered in each instance for best work, ranging from \$2 to 50 cents.

Set of Dollies, six; Dresser Scarf or Table Runner, Eyelet Embroidery, Luncheon Set Embroidered, French Knot Embroidery, Rick Rack Embroidery, Punch Work, Embroidered Handkerchief, white; Pair Pillow Cases, Embroidered; Luncheon Cloth, linen and cotton; Child's Dress, Pair Towels, Embroidered Table Cloth, Night Dress, Center Piece, linen or cotton; Embroidered Initials (3), Colored Embroidery, Roman Cut Work Embroidery, Embroidered Sheet, Coronation Cord Embroidery, Fudge Apron, (hand made), Luncheon Set Eyelet Embroidered, Embroidered Bed Spread, Purse Beaded or Embroidered, Corset Cover, Collar & Cuff Set.

Needle Work; Second Dept. Mrs. C. R. Short in charge. Three prizes ranging from \$2 to 50 cents.

Quilts, unique design; Smocking, Tatting, yoke; Tatting, collar; Tatting, handkerchief; Tray Cloth, Baby Cap, Tatting Table Runner or Scarf, Embroidered Suit, Fancy Apron, Embroidered Handkerchief, colored, drawn thread, Card Table Runner, Pillow Cases Tatted Trimmed, Pillow Set, Library Set, Teddy Bear, Shirt Waist.

Crocheting, Knitting, Etc. Third Department, Mrs. J. L. Solomon in charge. Three prizes are offered in each instance ranging from \$2 to 50 cents.

Collar, Curtains, crochet edge; Yolk, Infant's Sacque, Infant's Socks, Towel, crochet trimmed; Crocheted Scarf, Slippers, knit or crocheted; Table Runner, Lunch Cloth, Crocheted, Applique Bedspread, Luncheon Set, crocheted; Handkerchief, crocheted; Pillow Cases, Silk Quilt, Worsteds Quilt.

Work one by Girls Under Sixteen Years of Age. Fourth Department, Mrs. W. W. Walker in charge. The prizes offered in each instance ranging from \$2 to 50 cents.

Quilt Patch Work in Blocks, Embroidery, Apron, Dress, Night Dress, Crochet Lace, Tatting, Crocheted Collar, Best Dress, Doll, Scarf, Infant's cap, Towel Embroidered or Crocheted Trimmed, Handkerchief Embroidered or hand drawn, Embroidered Bed Spread, Dresser Scarf or Table Runner, Pair Pillow Cases.

Work Done by Ladies Over Seventy Years of Age. Fifth Department, Mrs. W. W. Walker in charge. The prizes ranging from \$2 to 50 cents. Hand Made Rug, Plain Needle Work, Knitting, Embroidery, Tatting, Fancy Apron, Pillow Cases, Quilt, Crocheted Lace, Luncheon Set, Doll, Dresser Scarf.

REAL ESTATE TRANSFERS. W. H. Weatherford to C. O. Bayha, pt. southwest quarter, 16-16-13, \$195.

## Cheaper Money Ahead Says Babson

WELLSLEY HILLS, Mass., June  
10, 1922.—Roger W. Babson issued  
the following statement today re-  
garding the money situation:

"For the past few years banks  
and mortgage companies, and  
others engaged in the loaning of  
money have been educating people  
to pay high rates of interest. Man-  
ufacturers, business men,  
builders and others are today pay-  
ing high rates of interest which  
a few years ago they believed  
never would be paid. Naturally  
this has handicapped employment,  
especially building operations. These  
people now wonder whether this  
is to be a permanent condition  
or whether these high rates  
are only temporary. Statistics  
lead me to believe that the  
high money rate period of the past  
few years has passed for many  
years to come. Already money  
rates have declined greatly in the  
wholesale market. Where a year  
ago—the banks were loaning  
money on call to the brokerage  
houses at from six to eight per  
cent they are now loaning at  
about 4 per cent. Even 'three to  
six months paper' can be sold at  
from 4-1-4 to 4-1-2 discount. These  
are tremendous changes within  
a short period of time. In fact  
the change is so great (a de-  
cline of about 50 percent) that it  
would not be surprising if money  
rates now strengthened for a short  
while preparatory to another  
downward movement.

"Money is a commodity, the  
same as cotton, wool, lumber or  
copper. It has a wholesale mar-  
ket and a retail market. A whole-  
sale price and a retail price. More-  
over, as with commodities, the  
retail price in the money  
market lags, about six months to  
a year, behind the wholesale price  
of the money market. This means  
that the rates in the wholesale  
money market go up and down  
from six months to a year before  
the average business man and

home builder is affected. It takes  
nearly a year for cotton to get  
from the plantation to the shelves  
of the department store. Hence,  
it may be several months before  
the retail cotton goods trade gets  
the advantage of a decline in the  
price of raw cotton. It is the  
same with money as with cotton.  
It is some months after the de-  
cline in the wholesale price of  
money before the business man  
and the home builder get the ad-  
vantage in the decline of rates.  
The bankers are not to blame for  
this. It is economic law. As it  
takes some time for the bankers  
to raise the retail interest rate  
for money after the wholesale rate  
advances, so it takes considerable  
time for the retail rate to decline  
after the wholesale rate declines.

Being asked how this is to af-  
fect the average man during the  
next year Mr. Babson replied as  
follows:

"This means that the average  
man will be able to borrow money  
much cheaper during the next few  
years than he has been able to bor-  
row during the past five years. It  
means that borrowers should now  
avoid borrowing for long terms  
at high rates. It means that there  
will be a decline in the retail price  
of money.

It means that money will be  
more available for the building of  
houses, school houses, roads and  
construction work of every form.  
Most of all it means: As the  
banks during the past few years  
have educated the public to high  
rates, the public must during the  
next few years educate themselves  
back again to the lower rates of  
some few years ago."

General business as reflected  
in the Babsonchart is running 15  
per cent below normal—an in-  
crease of 1 per cent over last  
week. It is holding well in face  
of the bearish factors resulting  
from the railroad ruling.

## WHITE HALL COUNCIL IN MONTHLY SESSION

Various Matters of Importance  
discussed at recent meeting of  
city council—Other news from  
White Hall.

WHITE HALL, June 10.—The  
June session of the city council  
Tuesday night was a lengthy con-  
sideration of the various problems  
confronting the city, but little  
legislation was accomplished. A  
committee that has been sounding  
sentiment on the proposed mun-  
icipal electric plant reported that  
of the approximately 500 users  
of electrical devices, such as hot  
plates, electric washing machines  
irons and similar contrivances  
all favor the municipal proposi-  
tion.

The sum of \$1,000 was trans-  
ferred from the street and alley  
account to the water account to  
replace this amount borrowed  
from the latter account. White  
Hall city has for years been con-  
ducted strictly on the budget  
system, it being perhaps twenty  
years since it was introduced, and  
when Mayor Roodhouse coun-  
seled the largest measure of  
economy during the remainder of  
the year. It was from accurate  
knowledge of the financial con-  
dition of the city treasury. He  
stated that the revenue from  
has fallen from \$30,000 annually  
to \$19,000 for the present year,  
owing to the action of the legi-  
slature in lowering the rate that  
can be levied by cities of the third  
class. Mayor Roodhouse further  
stated that no debts shall be  
contracted for ordinary running  
expenses above the city's annual  
revenue.

Acting on the recommendation  
of the mayor, it was unanimously  
decided to repair the holes in the  
hard roads within the city limits  
with a clay composition that has  
the consistency of putty, contain-  
ing small rock or gravel, which  
when exposed to the air becomes  
very hard. For this purpose it  
was ordered that 1,000 pounds of  
red Arkansas clay from Benton  
Ark., and 1,000 pounds of white  
Arkansas clay from Noxle, Ark.,  
be purchased.

### News Notes

Two of the leading women of  
White Hall are recovering from  
illness that has deeply concerned  
the community for several months.  
Mrs. Julia Evans underwent an  
operation on Tuesday, from which  
she is making satisfactory recov-  
ery from a long illness of more  
or less severity, her life being at  
times despaired of, the operation  
disclosing that her affliction is  
due to one trouble that the  
operation will overcome if her  
weakened condition will withstand  
now seemingly certain. The  
other patient is Mrs. R. S. Dickson  
who has returned from the home  
of her daughter, Mrs. Lee Halbert,  
at Springfield, with the result  
that she is said to be much  
improved from an extended illness.  
Present prospects are favorable  
for restored health and years of  
continued usefulness for both of  
these leading womanly characters.

The operators from the local  
office of the Illinois Telephone Co.  
had an outing Wednesday evening  
at the city reservoir, followed by  
a joy-ride about the dusty country  
side. They caught one fish, said  
to be a poor one.

Notice of the recent death of

Mrs. Nancy Long at the age of  
nearly 101 years has reached a  
relative in Tennessee through  
publication of the story in a  
Memphis, Tenn. paper, an inquiry  
to Postmaster J. E. Wyatt asks if  
the husband of this woman was  
John Long, and investigation has  
induced the local postal chief to  
write the questioner in the af-  
firmative. The letter is from a  
niece, Mrs. C. W. Johnson of  
Tipton, Tennessee, and she shows  
at length her connection with the  
Greene county centenarian, whose  
claims as to the age would make  
her 103, but only 101 could be  
fully ascertained by the writer of  
the story of her death. This  
incident serves as an idea of the  
wide circulation given some of the  
news matter emanating from  
White Hall.

### Garner Funeral Held

Funeral services over the re-  
mains of Charles Garner who was  
electrocuted last Tuesday after-  
noon, were held in the Baptist  
church at Hillview at 2 o'clock  
today, the discourse being deliv-  
ered by Rev. John Alexander, and  
there was a large attendance.  
Burial was in Pine Tree Cemetery  
at Patterson. Previous report of  
the fatality were correct, except  
that his age was 34 years Dec.  
16th last. His wife was formerly  
Miss Bertha Ford, daughter of  
Curtis Ford of Hillview, and she  
and three children comprise the  
immediate family. The deceased's  
mother, Mrs. Louella Garner,  
resides at Hillview with her sons,  
Carl and Arthur, and daughter,  
Miss Velma. Two other brothers  
are William of White Hall, and  
Walter of Roodhouse. There are  
also two other sisters, Mrs. Ida  
Nekingham of Glasgow and Mrs.  
Ella Blackwell of White Hall. The  
father, John Gardner, died five  
years ago, and a brother, Clarence  
was killed by a train at Alton  
nearly two years ago. The funeral  
services were under the auspices  
of the M. W. A. order.

### BIDS FOR CONCRETE BRIDGE AT OTTAWA

OTTAWA, Ill.—Bids for con-  
structing a concrete bridge in Ot-  
tawa township, known as the  
East Main street bridge, will be  
received until June 20, at the  
court house by George L. Farns-  
worth, county superintendent of  
highways. The engineer's esti-  
mate on the cost of the bridge  
is \$35,500.

Specifications call for a three  
span bridge, seventy-three feet  
wide, with a roadway forty feet  
in width flanked by two seven  
foot sidewalks.

The contract indicates that the  
work must be completed by July  
1, 1923. While the work is pro-  
ceeding on the proposed struc-  
ture traffic will use a temporary  
bridge built on the trusses of the  
present interurban structure.

For all spraying use Py-  
rox; also sprayers, sprinklers  
and Fly Shy.

yesterday and spent the day with  
friends.

## POINCARÉ ANXIOUS TO MEET AMERICANS

French Premier Wants to Get  
First Hand Information from  
United States—Other Interest-  
ing Continental News.

PARIS.—(By The Associated  
Press.)—Premier Poincaré is  
keenly interested in direct news  
and impressions from America  
and takes care that every promi-  
nent American who desires to  
see him shall have an opportunity  
of doing so. He has frequently  
suggested that distinguished Am-  
ericans should call on him so  
that he might obtain first-hand  
information on the situation at  
Washington and the varying  
phases of public opinion in Am-  
erica toward France.

The premier has so far ad-  
vanced in his ability to speak English  
that he now talks quite readily,  
albeit he began to learn the  
language only in the early winter  
of 1918, after President Wilson's  
arrival in Paris.

While he is extremely anxious  
that Americans should under-  
stand France, he feels it is equally  
the duty of Frenchmen to in-  
form themselves about America.

James W. Gerard, former Am-  
erican ambassador to Germany;  
Hugh Wallace, former ambas-  
sador at Paris, and Charles H.  
Sherrill, former American minis-  
ter to Argentina, are among the  
prominent Americans who have  
been received by the premier re-  
cently.

More Americans than usual ap-  
pear to be in Europe this year  
studying political and financial  
conditions. W. W. Atterbury, vice  
president of the Pennsylvania  
Railroad, has just returned to  
Paris from prolonged inquiries  
into the economic conditions of  
Spain, Italy, Germany and  
Czechoslovakia.

Clarence M. Wooley, president  
of the American Radiator com-  
pany, has left Paris with several  
directors of that company to  
examine business conditions in  
Italy, Austria and Germany. The  
majority of the company's di-  
rectors are now in Europe, and  
a meeting of the board will be  
held in Paris toward the end of  
this month. This, so far as  
known, will be the first time that  
the board of directors of any Am-  
erican company has ever held a  
meeting in Europe.

David Jayne Hill, former am-  
bassador to Berlin, Major General

J. G. Harbord, Paul D. Cravath  
and former U. S. Senator James  
D. Phelan, are among the other  
Americans who are pursuing in-  
quiries into conditions on the  
Continent, each from his own  
standpoint.

The style in women's shoes,  
which has taxed the imagination  
of designers and gone thru many  
fantastic phases during the  
past two years, without settling  
upon any model, appears to have  
been solved for the current year  
at least.

For walking and afternoon  
wear, laced Richelieu or elastic  
side shoes seem to be the most  
popular. They are carried out  
generally in patent leathers,  
varied with suede and light cloth  
in the upper parts. Heels are low  
and vamps high.

Another shoe that is much  
favored is the classy Richelieu  
ingeniously cut with mixed  
leather and suede, with a low,  
wide heel covered with suede to  
match the shoe. They are also  
leather heels cubical in shape,  
which somewhat recall the  
French Louis XV, but not quite  
so exaggerated as to height.

For late afternoon wear or for  
the more elaborate tailor-made  
suits there is a large variety of  
leather and suede court shoes  
with elaborate steel buckles.  
They are replacing sandals, which  
the elegantly dressed women are  
forsaking. The best effects are  
obtained with gray, beige and  
black, ornamented with the  
inevitable steel buckle.

Suede shoes, either with one  
button or a steel buckle, also are  
in favor for afternoon wear. They  
are usually embroidered with lit-  
tle steel beads all on one side.  
The vamp is very long and the  
heel is of Louis XV style. Court  
shoes in black, gray and maroon  
satin also are very much worn.

Evening shoes also have a  
tendency to become much more  
simple, whether they are of satin,  
broche or gold or silver tissue.  
They are simply trimmed with  
one button or a jeweled buckle.

Marcel Allemand, one of the  
leading jockeys of French extrac-  
tion on the French turf, now do-  
ing his military service with a  
cavalry unit at Dijon, wishes  
whitsuntide came several times a  
year.

Obtaining a three day leave  
over the holidays, Allemand im-  
mediately repaired to the St.  
Cloud race track, where he was  
engaged for three mounts. The  
next day at Chantilly he again  
rode three mounts, one of which

was the winner. He finished his  
leave at St. Cloud, riding an-  
other winning mount out of  
three.

Allemand received 3,800 francs  
for his three days work.  
During his 18-months military  
service the jockey will earn 274  
francs in 548 days at 50 centimes  
a day.

Cabaret dancing in Paris is  
becoming a problem in uncertain  
finance for proprietors as well as  
customers. A score or more of  
these high tension night life  
places have dropped out of ex-  
istence during the past few  
months, only to be replaced by  
others offering slightly different  
thrills at somewhat higher prices.

The proprietors say that danc-

ers will not patronize one place  
for any length of time, and con-  
sequently they must charge high  
prices for a brief period in order  
to pay for the cost of installa-  
tion and then close when their  
places are no longer "a la mode."

Ice cream freezers, refrig-  
erators, Thermo Jugs and  
Bottles.

## We Invite You to Ride With Us During Demonstration Week

Our Daytona 6-66 Model holds every stock  
chassis speedway record from 5 to 100 miles.  
It will be the purpose of Demonstration  
Week to prove that any Paige car—in the  
hands of an unprofessional driver—is in-  
deed Master of the Highway.

By proving itself a marvelously fast car the  
6-66 has revealed qualities of endurance  
and strength that are beyond dispute.  
World's Championship Form is a guarantee  
of all-round efficiency—the best guarantee  
that the sporting world affords.

But these are facts that we want you to  
establish for yourself and Demonstration

Week offers an unrivalled opportunity. You  
have but to get in touch with us and we  
will book you for a ride that will prove  
finally convincing.

Then, with an actual record of the tests,  
you will be in position to compare the  
Paige 6-66 with any other motor car—at  
any price—on the American market.

Whether you contemplate buying a motor  
car or not, we very cordially invite you to  
ride with Paige during the coming week.  
It will prove a revelation, we believe, and  
a liberal education in strictly modern  
engineering.

L. F. O'Donnell, Distributor,  
Jacksonville, Illinois.

We Are Going to Celebrate----

# Greatest Bargain Event Ever Known Here

Orchestra Music

## Wonderful Values

Free Carnations

Celebration Begins Monday, June 12, at 8:30 A. M. Be With Us on the Opening Day

In honor of this, our First Anniversary, and as a token of our appreciation of the splendid patronage that we have enjoyed, we are going to give you a buying opportunity never before known outside the great cities and then only because of most unusual conditions. This exceptional bargain event will begin Monday, June 12, at 8:30 a. m., and will be continued Ten Days. Monday, opening day, from 2 p. m. to 5:30 p. m., one of Jacksonville's best orchestras will furnish music, and carnations will be given to the ladies calling.

It never has been the policy of the management of this store to indulge in superlatives or any sort of wild or bombastic language in announcing any event of public interest, but rather to speak plainly and clearly about the merchandise we have to offer and allow results to speak for us. We believe that the ladies of Jacksonville and vicinity already have proved to their own satisfaction that the statements made by this store in its advertising have been truthful and honest in every respect.

But, on this Anniversary occasion and because we cannot but feel that we really have "made good" in every sense of the word, we may be pardoned if we stress a little upon the genuinely wonderful bargains that are

to be secured during these big ten days of exceptional bargain giving.

We believe that we owe the public something a little out of the ordinary because of its splendid patronage during our first year in business here, and it is for this reason that we have been for several months past arranging for an Anniversary Bargain Event that would adequately express our idea of reciprocity.

And now, right at the height of the season, we are ready.

We searched the markets in New York, Chicago and other style centers for the best among the things that women love—Suits, the new and beautiful Summer Dresses for street, sport and afternoon wear, Evening Gowns and Wraps, Millinery, Hosiery, and

Yard Goods—a truly magnificent array that in distinctive quality and style cannot be excelled, and we know that the prices we shall charge will be the talk of the community for months to come.

We told the manufacturers and jobbers from whom we have been buying what we were going to do, and that we were looking for them to make concessions in prices that would enable us to carry out our plans. We are happy to state that everyone of them entered heartily into the idea and have given us the required merchandise in just the way we wanted and needed it.

The policy announced when we opened our store in Jacksonville will continue—if it is new to be the first to show it, and to maintain always a high standard of quality and extremely fair prices.

**BEARDSTOWN PLANS REHABILITATION**

Comprehensive Program Has Been Outlined in Cass County City Because of Recent Flood Damage.

BEARDSTOWN, Ill. — Beardstown today is joined in a comprehensive rehabilitation program occasioned in the recent flood. It is estimated that the flood loss within twelve miles of this city is nearly \$2,000,000, with no prospects for a summer planting in the drainage districts.

Hundreds of thousands of dollars worth of repairs are being made in Beardstown as fast as possible. This fact means daily food to many losers and gives them a basic capital with which to rebuild and repair their damaged homes.

Many men work during the day for a contractor and in the evening, often by the aid of artificial light, labor in getting their own homes in presentable order again. All their earnings save that expended for food, goes into repair work.

Assistance through the fund of the Beardstown Flood committee gradually is beginning to show. Only those who are actually in needy circumstances as the result of the flood are being assisted at present.

Later, with the money that remains, the more unfortunate victims will be aided as long as the money holds out. The committee is taking every precaution to see that the money is not only wisely expended, but that the most deserving from the standpoint of comparative loss as well as financial need, obtain aid first.

The work of investigating and apportioning finances has been systematized to the greatest possible degree by the many committees that still remain active.

The committees, investigators and banks work in conjunction. Action is speedy on requests found deserving. There is no lost motion in the chain of compensation through the committee.

The sick man first with the hungry. Necessary repairs to make the home habitable were next. Gradually the work of investigation takes in the entire home, degree by degree, so that all will be aided to the extent of the fund in comparison with their needs.

**COURT TO DEFINE EXECUTIVE'S POWER**

Expect Decision From Supreme Court on Governor's Power to Grant Clemency to Person Who Has Been Fined or Imprisoned.

SPRINGFIELD, Ill. — A decision of the state's chief executive in granting clemency to persons found guilty and sentenced to fine and imprisonment, or both, for contempt of court, is expected to be handed down during the June term of the supreme court in a petition for writ of mandamus filed by Attorney General Brundage against Charles W. Peters, sheriff of Cook county.

The case is the outgrowth of sentences and fines imposed on seven men and fines upon three women, members of the Chicago Board of Education who were adjudged guilty of contempt of court, July 26, 1920, by Judge Kichham Scanlan, of the Cook

county circuit court. The defendants in the contempt case were Albert H. Severinghaus, George B. Arnold, Frances E. Croarkin, Hart Hanson, Dr. Boleslaus Klarkowski, James B. Rezny, William A. Bithers, Mrs. Lulu M. Snodgrass, Mrs. Frances B. Thornton and Dr. Sadie B. Adair.

A full pardon was granted each of the defendants by Gov. Small February, 7, 1922. On receipt of the pardons Sheriff Peters refused to arrest the defendants, contending that Gov. Small has power and authority to pardon for contempt of court.

Filing of the petitions for mandamus to compel Sheriff Peters to apprehend each of the defendants and fines might be imposed, followed. The case is one of a number of others on the June advisement docket.

**MEASURING WORM DOING GREAT DAMAGE**

BELLEVEILLE, Ill. — The "measuring worm" is doing a great deal of damage to trees in St. Clair County, and is also causing the death of large numbers of fish in lakes and streams, according to deputy state game inspectors. The worms grow in trees along the water's edge from which they fall into the water, and fish that swallow the worms are poisoned.

Mr. and Mrs. William H. unthors of St. Joseph, Mo., and H. C. Kepler of Bluffs were in the city yesterday visiting friends for a short time. They were on their way to Chicago and were motoring thru.

SUNDAY MORNING, JUNE 11, 1922

## LOOKS AS THO CON CON WILL BE IN SESSION FOR SEVERAL WEEKS MORE

Meets June 13, But Instead of Finishing in a  
Week the Session May Be Prolonged  
By Argument—Labor Article, it is Pre-  
dicted, Will Cause a Lot of Argument

SPRINGFIELD, June 10.—Prospect of a brief concluding session of the constitutional convention which meets here again June 13, has given place to the prediction that the ending of the convention may take three weeks, rather than three days.

Last days will witness the same arguments that have given life to the earlier sessions. The fate of the labor article, which Senator William J. Sneed, the only delegate who carries a union card, has presented, will be determined in short order, but the reports of the committee on future amendments, and the schedule committee, which will revive the old struggle between Chicago and down-state, may extend debate indefinitely.

Since the convention adjourned on May 5, interest has been aroused among labor unionists, and all the delegates have been visited with petitions or delegations asking their support of the proposed labor article. However, the majority of the delegation is said to be of the opinion that labor should not be given special mention in the constitution. Some delegates point to the fact that neither the present state constitution nor the federal constitution have specified mention of labor.

The article on Future Amendments which former Governor Pifer of Bloomington has proposed, will be brought up on second reading and will reopen the Chicago—downstate strife, it is predicted. As now proposed the article provides that another constitutional convention may be called in the future, and that convention membership shall be twice the size of the state senate. As another section of the consti-

tution limits Cook county to one-third of the senate which was provided over the protest of Cook county, this limitation of future constitutional conventions will also cause protest, it was indicated.

Other Debate Anticipated  
Other debate is anticipated when attempt is made to commit the constitution in specific language to an additional \$10,000,000 bond issue for completion of the Illinois Waterway. The State

Department of Public Works and Buildings has asked this provision, so as to deprive the general assembly of the power of blocking the improvement.

The concluding article of the new constitution will be that designated by the Schedule committee, which will hold its first meeting Monday morning, June 12. This committee is charged with the duty of providing for the change of government and officials, should the prospective switch from the old to the new constitution be made. They will provide that terms of certain officers shall be extended to fill interims caused by new constitutional provisions.

Possibility of strife is seen, when the attempt is made to extend the term of the oldest chief justice, James H. Cartwright of Oregon, from its regular end in 1924 to 1930. Under the new constitution Judge Cartwright's district is combined with that represented by Justice Floyd E. Thompson of Rock Island, who has been elected for the term expiring in 1929.

The schedule committee is headed by George A. Dupuy of Chicago and includes delegates Elting, Gorman, Mills, Morris and Trautmann.

### A FIRE HEROINE

A few months ago the Record published a picture of a fire in a big Paris department store.

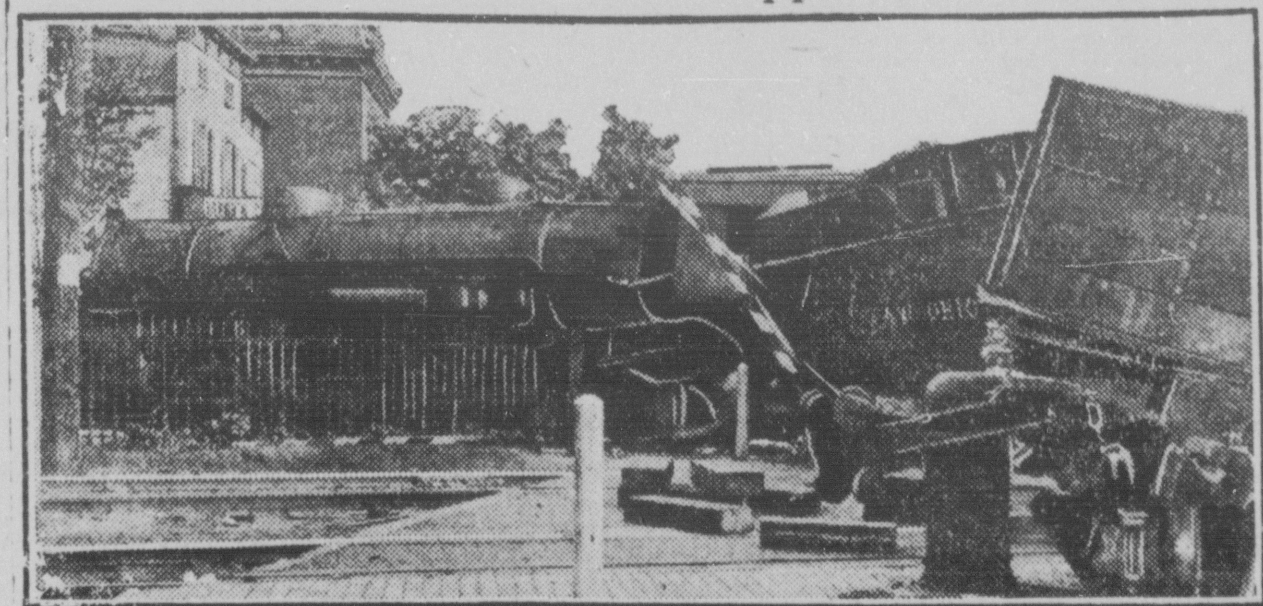

The following echo is taken from the London Daily Chronicle. "Parisians are clamoring that a medal for bravery shall be given to a little black cat which yesterday, with its feet bound in cotton wool, limped across the street to revisit the ruins of its former home."

"When the great fire broke out at the Magasins du Printemps, the cat was, with its three kittens, in the basement of the building. Scouting the danger, it carried the three kittens one by one out of the fire zone to a grocer's shop about a hundred feet away."

"How the brave little mother accomplished the rescue thru blinding smoke must remain forever a mystery."

"Her kittens safe, the cat sank to the ground with her paws badly burned and her skin a mass of blisters. The shop girls attended to the kittens and the devoted mother."

## When Death and Destruction Stopped Two Feet Away

"Battleship" locomotive and two coal cars. Spreading rails. Dayton, O. Engine stopped two feet from living room where J. B. Cooper and family were sitting.

## FARMERS ADOPT COOPERATIVE PLAN

Three Fourths of Fruit and Vegetable Crop Marketed in This Manner in Southern Illinois.

Centralla. — By the A. P. — About three fourths of the fruit and vegetable crop of southern Illinois is being marketed co-operatively this year. It is estimated by C. E. Durst, of the Illinois Agriculture Association, as the result of the organization in the last year of the Illinois Fruit Exchange, 1,000 members in eight counties.

One local of the exchange, at Villa Ridge, had marketed co-operatively so far this year \$100,000 worth of strawberries and asparagus. It was stated.

"This is the first tryout for co-operation among southern Illinois fruit producers," Mr. Durst said. "They are finding it a success. The organization here is formed along the same lines as the successful cooperative fruit organizations in California."

"Many natives of Illinois do not know that Illinois is esteemed by every produce dealer for the quality of her fruit and vegetables. This states leads the country in the production of early apples of several varieties. One county, Marion, is the foremost county in the United States in the production of pears. Calhoun county is said by produce experts to have the finest flavored early apples grown anywhere."

"It has only been lack of organization and of up-to-date cooperative marketing methods of packing, grading and advertising that have so far kept Illinois so little known as a fruit state. The Illinois Agricultural association in its organization of the Illinois Fruit Exchange intends to keep the product of the cooperative producers at such a high quality of grading, packing and marketing that it will be able to make it famous at every market. The Illinois product will be extensively advertised with trade names showing that it is Illinois grown."

"Before the summer is over most of the leading locals of the Illinois Fruit Exchange will have their own produce-owned warehouses and packing plants. The first of these is now being constructed near Anna."

All of the 1,000 members, Mr. Durst said, were stockholders in the association.

## GRADUATION EXERCISES AT BETHEL A. M. E.

Graduation exercises will be held Monday evening at 8 o'clock at the Bethel A. M. E. church for the two members of the class of '22, who are graduating from the New Home Sanitarium Training School for Nurses, which has been recently placed on the accredited list of nurses' training schools of Illinois. Miss Lola O'Dell Allen of St. Louis and Miss Jeanne Watts of Springfield constitute the members of the graduating class. The commencement program for Monday night is as follows: Rev. R. H. Hackley will be master of ceremonies.

Prelude—Mrs. L. Kirk. Invocation—Rev. W. H. Snowden. Vocal Solo, "At Twilight"—Mrs. Edward Mallory. "Condensed History of the Training School"—Dr. A. H. Kennibrew. Address—Rev. W. E. Spoon. Instrumental selection, "Venetian Song" (Nevens)—Miss L. M. Ross, R. N. Annual Address—Dr. Earl Williams of Lovejoy, Ill. Class Motto, "The Worth of Life is Loyalty." Class Colors—Green and Gold.

## ILLINOIS COLLEGE ALUMNI MEETING

The regular annual meeting of the Illinois College Alumni Association will be held Wednesday at 8:30 a. m., instead of immediately after commencement exercises as has been the custom in the past. A full attendance is earnestly desired.

SCOUTS HAVE GONE HOME  
The Boy Scouts from Waverly struck their tents Friday and set out for home. During their stay at Nichols Park they conducted themselves in a very orderly manner and no complaints regarding them were heard. They had a fine time while here and will be glad to come again and those who met them will be glad to have them do so.

## CHAPIN

A very pleasant afternoon was spent with Mrs. Clyde Williams at her home Wednesday afternoon June 7, when the members of the Chapin Household Science club met for their semi-monthly meeting. The President, Mrs. W. W. Anderson, being absent, the program was in charge of the Vice President, Mrs. Benjamin J. Taylor. Roll call was answered by giving gems from Bryant. Miss Margaret Williams favored the guests with two piano selections as did Miss Helen Markham. Both numbers were splendidly rendered and very much enjoyed Mrs. Cratz's paper on Industry in U. S. was well given, much of it was descriptive of sights she had seen while on her western trip last year. The paper was indeed interesting. Mrs. Alpha Anderson led the round table—Fruits and vegetables for Body Builders—some very beneficial ideas were spoken of.

Mrs. Williams very graciously served delicious refreshments, consisting of chicken and cheese sandwiches, salad, strawberry short cake and coffee. The members of the Chapin Household Science club are being invited as guests by the Chapin Woman's Club, to an "afternoon" on Friday, June 16th which is to be held at the home of Miss Amy Nken.

The next regular Science club meeting will be held with Mrs. W. W. Anderson as hostess, June 21, at which time Dr. J. H. Fountain will make an address on the subject of "Tuberculosis."

Among those who attended the club picnic at Oak Lawn Thursday were: Mrs. W. W. Anderson, B. J. Taylor, J. P. Moynihan, H. Tucker, Mrs. Ada Funk, Misses Effie and Helene Markham.

Misses Adella Aurdenkamp of Arenzville visited her sister, Mrs. Louis Nienhuesser Thursday and Friday.

The Boy Scouts under the leadership of Scoutmaster Rev. O. W. Lough went to the reservoir at Concord Friday afternoon to make ready a bathing beach for the summer months.

An enthusiastic "pep" meeting was held in the grade school assembly hall Friday night in the interest of the C. S. French community high school. Addresses were made by Dr. F. M. Roberts, president of the C. S. F. C. H. S., board of education; also by Professor L. Hess, principal of the school. No attempt was made to coerce the voters, the real facts with no suppositions were stated and every voter urged to vote as his conscience dictated. A chorus of high school girls furnished music.

## FIGHT IS MADE ON PRICKLY PEAR

Sydney, N. S. W. — (By The A. P.) Millions of acres in Queensland and northern New South Wales are infested with prickly pears and the government is continuing its endeavors to control the scourge by use of its natural enemies, such as insects and bacteria.

Scientists engaged in the investigations announced that they believed that they are on the eve of important discoveries. They have drawn upon practically the entire world for "weapens" with which to combat the menace organisms having been received from South America, Texas, Florida, Mexico and other countries.

"From the laboratory results it seems as if there has been established here a complex of organisms which, provided they act together in the field as they are doing in the laboratory, and provided the moths breed sufficiently rapidly, may bring about complete control of the prickly pear menace ultimately," said Professor Harvey Johnson, one of the scientists engaged in the work. "As the numbers of insects grow it is hoped that in a few years' time, appreciable progress will have been made in those districts in which the organisms will have been liberated."

## GUESTS AT ROLLEY HOME

Mr. and Mrs. Edward Riley of Fort Worth, Texas arrived here yesterday morning by auto to spend a week or so as the guests of Mr. and Mrs. John Rolley of East College avenue. Mrs. Riley and Mrs. Rolley are sisters. The visitors plan to visit relatives in Gary, Indiana, after leaving Jacksonville.

## GREENE COUNTY G. O. P. HELD CONFERENCE

Members of Committee Look Forward Hopefully to Fall Campaign — News Notes From Greene County.

White Hall, June 10.—The Greene county Republican central committee presided over by George B. Morrow of Roodhouse held at enthusiastic and a hopeful session in Princess Theatre at White Hall Friday afternoon, and the proceedings became full of encouragement for the success of the Republican county ticket this fall—so encouraging, in fact, that steps were taken to give the largest measure of support to the success of the ticket from congressmen all the way down the line in this Democratic county.

The county Republican ticket is made up as follows: Judge, U. W. Wright; Sheriff, C. H. Borman; Clerk, G. F. Batty; Superintendent of Schools, George Wood, Treasurer, Guy Lowenstein. The large attendance at this meeting was one of the most encouraging signs of Republican opportunity in Greene county at this time. Joseph Lyman, of White Hall, is the secretary of the committee.

## News Notes.

Hon. C. J. Moynihan of Montrose, Colorado, arrived today for a brief stay at the home of his father, John J. Moynihan. He reports Republicanism in the west to be in a most healthy state of virility.

The hotel building immediately east of the White Hall Lumber Co., on East Bridgeport street is undergoing a complete overhauling, and will be occupied in about a month by Lewis Jones, who will abandon his barber business on Main street, and will engage in the restaurant business at his new stand, conducting his watch and clock repair business in connection.

The new local manager of the Illinois Telephone company, William Teter, had his first call to duty in ousting honey bees from a terminal box on West Bridgeport street. A trouble shooter was sent to ferret out the report of trouble, and he found that the bees were gathering with the view of forming a settlement. Short circuits and other trouble have in the past been traced to honey bees combing honey in terminal boxes. Mr. Teter is the successor of H. F. Walker, who has gone to Jacksonville as district manager. Mr. Teter recently sold his vulcanizing business to F. A. Brooks. He was formerly telephone manager at Patterson.

## GEDDES PLEADS FOR PRACTICE OF ECONOMY

LONDON — Sir Eric Geddes, former First Lord of the Admiralty and later Minister of Transportation, whose latest activity has been at the head of a committee which sought a reduction of 100,000,000 pounds in the national expenditure, has complained to the Sheffield Chamber of Commerce of the way his "economy axe" has been blunted by those heads of governmental departments responsible for allotting the money to be expended by the various branches of the public service.

"You cannot get industry going right with the present load of debt hanging around its neck," he said. "It is strangling industry; the only thing that matters in this country is to get down taxation or we die."

After much study his committee has made proposals calculated to cut public expenditure by the sum mentioned above, but these proposed reductions were promptly reduced to 52,000,000 pounds. In the case of the navy, he said, the committee had proposed a reduction of 21,000,000, which involved no reduction in the number of fighting ships or in the number of men. The naval authorities had only seen their way to save 4,000,000, although there was no likelihood of the navy being involved in war in the near future.

## ENGINEER EVOLVES PLAN TO INCREASE GASOLINE OUTPUT

Thru More Complete Condensation of Still  
Vapors it is Estimated the Output Can be  
Increased More Than 120,000,000 Gal-  
lons—General Outline of Plan is Given

WASHINGTON, June 10.—Possibility of increasing the output of gasoline by 120,000,000 gallons through more complete condensation of still vapors at the petroleum refineries, was suggested today by the Bureau of Mines after an investigation by D. B. Dow, the bureau's petroleum engineer.

Mr. Dow estimated that 50,000,000 gallons were recovered from uncondensed still vapors at refineries in 1921. "Application of the system to all refineries, would give a possible gasoline recovery by this method of 170,000,000 gallons yearly," the bureau said in a statement.

"The calculations of the Bureau of Mines are based on results obtained in refineries whose general methods are more efficient than those employed in the hundreds of smaller skimming plants that have no recovery systems. It is assumed that in the less efficient skimming plant, located in sections where the supply of cold water, so essential for condenser use, is scarce, greater recoveries could be made than in the large refineries studies."

This should be especially true of Oklahoma, north Texas and Louisiana skimming plants where summer temperatures are high and where cold water is scarce. A survey of these plants, it is believed, would show that their losses in uncondensed still vapors would be much higher than in the plants where the studies of the Bureau of Mines were conducted.

"The magnitude of the loss from non-condensation of these vapors has been realized only by few refineries, judging from the number of plants that have recovery systems. The thirteen refineries studied by the Bureau of Mines are obtaining 128,651 gallons of gasoline daily from uncondensed still vapors. These plants are situated in the various refining centers, other than the Pacific coast, and are running crude representative of all the producing fields east of the Rocky Mountains. In addition, several are running Mexican crude. Information from California refineries indicates that on account of the smaller gasoline content of the California crude, there are no recovery plants of importance in that state. The average recovery of gasoline at the refineries investigated by the Bureau of Mines amounted to four-tenths gallon per barrel of crude oil charged.

Unless preventive measures are adopted, losses of gasoline from failure to condense still vapors will increase in the future, because crudes are being handled in the field with more and more care to avoid evaporation and will therefore contain much lighter and more volatile fractions than at present.

Method of Condensation  
"Condensation of the vapors formed by heating crude oil is effected in the refinery by leading vapors thru coils of pipe submerged in water. On cooling, most of the vapor becomes liquefied, but a certain amount of vapor, due to insufficient time for proper cooling or the fact that its condensing point is lower than the temperature of the water, will remain uncondensed. Also, certain other fractions will not be condensed for the reason that their liquefaction points are affected by the presence of other hydrocarbons. A small part of this uncondensed vapor

is dissolved in the liquid that has condensed. "Condensation of the vapors coming from the still into liquid is accomplished either by passing them thru pipes or shells having large surfaces exposed to the air or thru coils submerged in water. "Atmospheric temperature is an important factor in the production of gasoline from uncondensed refinery vapors. It is found that during winter months, due to more complete condensation of the vapors, the production of the 'gas' plant will fall off to some extent. An unusual example of this is a certain skimming plant which produces about 6,000 gallons of compression gasoline daily thru the summer months, but drops to as low as 500 gallons per day in the winter. Ordinarily, the difference is far less, but there is always a tendency for production to drop in cooler weather."

"The cost of installing recovery plants will necessarily vary, depending on local conditions such as the distances between different stills which are sources of gas, the nature of gas, especially in regard to sulphur content; and the plant efficiency. However, a cost of approximately \$15 per gallon of gasoline (daily capacity) should be sufficient. The operating cost of the gas plant is relatively low."

SHIPPING TONNAGE  
RAPIDLY INCREASING  
STOCKHOLM.—Shipping tonnage is rapidly increasing in value throughout Sweden, according to the Stockholm press, which comments on this fact as the most significant indication of returning optimism among shipowners.

Only a few months ago ships sold at 100 kronor (about \$27) a ton. Later the price advanced to 180 kronor per ton for newly constructed ships, while now it is hard to purchase vessels at 300 kronor per ton.

The Stockholm papers see in this rapid advance fairly sure signs of brighter prospects in the business world which means that shipowners feel certain that they will soon have ample use for all their vessels.

Conrad, J. K. Rount was in the city yesterday. He had been at Springfield a while and will visit elsewhere before going to the soldiers' home at Quincy.

The Hartmann  
Gibraltarized Way

## What Is Gibraltarization?

Hartmann patented Gibraltarized construction means rounded corners, wedged, grooved and steel braided into shape. (See illustration above.)

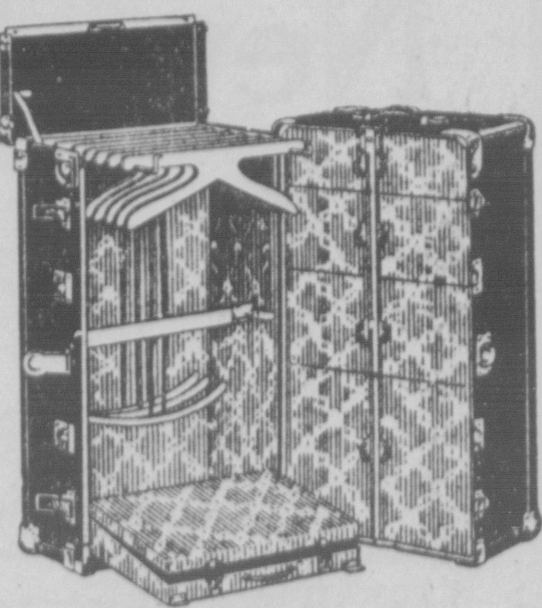

There is ONLY ONE actual round-edge and corner construction. That is the Hartmann Gibraltarized round-edge and corner construction. It means double strength. A solid reinforcement is built in and locked in along the entire edge and corner.

## Exclusive Hartmann Features

Cushion top prevents clothes from shifting and wrinkling.

Steel runners on front and side of trunks, add years of life.

Long locking bar fastened to frame of trunk gives additional strength to drawers and prevents pilfering.

The Hartmann Trunk  
Illustrated

The trunk illustrated has wardrobe hanging section with 13 hangers; shoe box, laundry bag, 4 drawers with combination women's hat section; also men's hat case; long locking bar, cushion top; Gibraltarized round edges.

ference cost the U. S. government  
\$251,651.08.

England has more than 170-  
000 crippled or otherwise per-  
manently injured ex-service men.  
There were 32 declarations of  
war by the different nations on  
both sides during the World  
War.

The custom of decorating sol-  
diers' graves once a year was first  
started on the battlefield of  
Gettysburg, Pa.

After three years of discussion  
the American daisy was adopted  
by the American Legion as its  
official flower.

Of the 22,000 Grand Army vet-  
erans in the original membership  
of the posts in New York City,  
only 826 are now living.

The American Legion of Win-  
netka, the exclusive suburb of  
Chicago, has formed a volunteer  
police force of 70 men.

Private Emory Ward is the  
champion heavyweight boxer in  
the United States army. He is a  
six footer and weighs 208  
pounds.

President Harding recently  
signed the measure appropriat-  
ing \$500,000 requested by At-  
torney General Daugherty for in-  
vestigation and prosecution of war  
fraud cases.

According to the history of Eu-  
ropean wars, it has been found  
that the red poppy grows in

fields where blood has been shed.  
They flourish in England, Bel-  
gium and France.

A French sergeant named  
Vialla, whose lower jaw was  
blown away by explosives during  
the World war was reconstructed  
with a complete set of false teeth  
and a rubber tongue. He is now  
able to talk and sing.

In Germany, the military  
strengths of the Allied armies  
now in occupied territories on the  
Rhine, are: British, 4,600;  
French, 82,000; Belgian, 21-  
000, and the Americans approxi-  
mately 1,100 or 1.08 per cent of  
the total number.

The American Legion is to be  
represented at the first annual  
convention of the British Legion  
Vermont, national vice comman-  
der of the organization, of Burling-  
ton, sailed recently for England.

A conference was recently held  
in Washington by prominent  
educators from various parts of  
the country, at the request of the  
Veterans' Bureau. The meeting  
was called to discuss problems  
of education and rehabilitation  
of former service men.

According to official figures,  
war material thus far destroyed  
by Germany consists of 5,855,000  
rifles and carbines, 104,000  
machine guns, 35,700,000 loaded  
shells, and mines, 14,800,000  
grenades, 33,363 airplanes, and  
24,054 airplane engines.

Governors of the various states  
are urged by President Harding,  
in a telegram sent out from the  
White House and made public  
recently, to call attention to the  
opportunities presented for  
young men to obtain military  
training the coming summer at  
the citizens' training camps.

Mrs. Louis Bennett of Char-  
leston, W. Va., recently presented a  
memorial window in Westminster  
Abbey in London, dedicated  
to the officers and men of the  
British flying corps. The win-  
dow was placed in memory of  
her son, Louis Bennett, who was  
killed in the World War while  
serving with the Royal Air Ser-  
vice.

Sergeant Samuel Joseph, who  
says he is the "most shot up  
soldier" of the World War, re-  
cently married Miss Marcell Bald-  
win, of Lexington, Ky. The nurse  
who saved his life, Joseph was  
wounded 102 times during the  
12 months he was in the fight-  
ing, having taken part in prac-  
tically every major offensive in  
France.

Investigation by the United  
States Veterans' Bureau in  
Washington shows that poison  
gas inhaled by American soldiers  
in France is beginning to show  
its effects by causing service men  
to lose their voices. Veterans'  
whose ability to speak is becom-  
ing impaired, are advised to re-  
port to the nearest bureau physi-  
cian for examination.

The Poetry Society of America  
recently presented a church bell  
to the war-torn village of Land-  
ricourt-Sous-Coucy, France, in  
honor of the American soldier  
poet Alan Seeger. The bell is  
one of 30 similar tokens given to  
as many villages by the American  
committee to replace those taken  
by the Germans, all in memory of  
prominent soldiers who fell near  
the villages so honored.

The Pennsylvania legislature  
has passed a bill authorizing a  
vote of the people on a consti-  
tutional amendment to permit  
the issuance of veterans' com-  
pensation bonds. Under require-  
ments of the state constitution,  
the bill must be passed a second  
time by the legislature at its next  
session. If that body passes the  
bill again in 1923, the referen-  
dum vote will be held in Novem-  
ber of that year.

A "tag day" was recently  
staged in Coblenz for the raising  
of funds to send home 200 for-  
mer soldiers of the American  
army who are stranded with  
their families in Germany and the  
Rhineland. The army will carry  
them on transports from Ant-  
werp to the United States, but  
the payment of their railroad  
fare, food, and other expenses is  
being undertaken by the Rhine-  
land Post No. 700 of the Vet-  
erans of Foreign Wars, which or-  
ganization is responsible for the  
tag day plans.

## ROAMING AROUND

J. R. Cowgill and family arriv-  
ed in the city yesterday in their  
Ford car on a general camping  
excursion. They live in Peoria  
and are roaming about the state  
and having a good time gener-  
ally. They wended their way to  
Nichols Park to remain while  
some needed repairs were made  
on the car.

Miss Irma Runk of Litchfield  
is visiting in Jacksonville as the  
guest of Miss Pauline Hankins on  
East Chambers street.

## RACE MARRYING OUT OF EXISTENCE

HONOLULU, T. H.—(By The  
Associated Press.)—The Hawai-  
ian race is not "dying out," but in  
reality is "marrying itself out of  
existence," according to a state-  
ment made here by Miss M. Hes-  
ter Lemon, registrar of vital statis-  
tics.

Altho there has been no mate-  
rial increase in the death rate of  
pure-blooded Hawaiians during  
the past four years, the birth  
rate for the calendar year 1921  
showed a material decrease as  
compared with those of the four  
preceding years and indicated  
that Hawaiian men and women  
are destroying their own race by  
marrying into other groups, she  
said.

"It will be seen readily that  
this practice will tend to increase  
the part Hawaiian population  
and at the same decrease the  
pure Hawaiian population inso-  
far as the future is concerned,"  
she added.

During the fiscal year ending  
June 30, 1921, there were 169  
marriages between pure Hawai-  
ian couples. In addition to these  
58 Hawaiian men married wo-  
men of other races and 142 Ha-  
waiian women were married to  
men of other groups. Births  
among pure Hawaiian families  
during the calendar year 1921  
were 42 less in number than  
those registered during the fiscal  
year ending, June 30, 1921.

## JANE ADDAMS TO MAKE ADDRESS

Rockford, Ill., June 10.—(By  
The A. P.)—Miss Jane Addams,  
the founder of Hull House, Chi-  
cago, will make the seventy-  
fifth anniversary address at Rock-  
ford college on June 14. Miss Ad-  
dams is a graduate of the Col-  
lege. Rockford College was  
chartered February 25, 1847, as  
a degree-granting institution for  
women when Rockford as a city  
was only thirteen years old. The  
address of Miss Addams and the  
anniversary celebration are ex-  
pected to attract large numbers  
of graduates and former stu-  
dents back to the college.

Mrs. Catherine Waugh McCul-  
loch of Chicago, a Master of Arts  
of the Class of 1882, will also  
participate in the Commence-  
ment program. Both Miss Ad-  
dams and Mrs. McCulloch will be  
initiated into the Socratic Honor  
Society of the college.

Wm. Brownlow was up to the  
city from Chapin yesterday.

## REFRIGERATORS

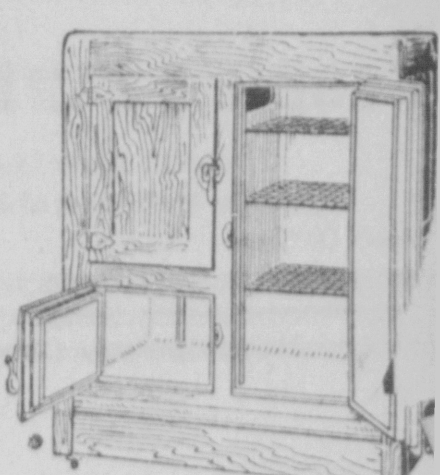

The Only Safe and Economical  
Way to Preserve Food

Obsolete types of ice-chests and make-shift contrivances often used for the  
preservation of food during the summer weather, are very expensive pieces of  
household equipment to maintain. Because of inadequate protection against  
outside air they waste more ice than they use, and in many cases are not even  
sanitary. Most of the various cases of summer complaint can be directly traced  
to the old ice-box.

## DIAMOND JUBILEE OF MISSOURI SYNOD

Six Lutheran Congregations in County Will Observe Founding Today—Exercises in Roegge's Grove Near Arenzville Today.

The following history of the founding of the Missouri Synod will prove interesting to members of the Lutheran church in this vicinity. It tells the story of the sacrifices made by the faithful men and women who came to this country in the early days to escape religious persecution.

"Three quarters of a century ago a band of faithful men and women came to our shore to found a religious country of the Lutheran persuasion, in America and became instrumental in founding the Evangelical Lutheran Synod of Missouri, Ohio and other states. This body is celebrating the seventy-five anniversary of its organization during the present year. The organization was effected at Chicago on Monday, April 26, 1847.

"The causes back of this emigration must be understood from conditions prevailing in the homeland of these emigrants. It was not, as usual, the pressure of unfavorable economic conditions in overpopulated Germany that induced them to leave the fatherland and seek a new home and better living conditions in America. The emigrants who ten years after their landing in St. Louis took the lead in organizing the Missouri Synod, did not come to America as beggars. Many quitted their homeland at considerable sacrifice of material advantages. Their party consisted not only of Saxon weavers

and stocking makers, but there were among them merchants, men of the medical profession, jurists, officers of the civil government, painters, etc. These people could hope for very little material advantages in the new country in which they came to settle. Their reason for coming to America was an entirely ideal, or spiritual one. They were looking for a home for their religious convictions, where they could, without hindrance from the government, worship God according to the dictates of their conscience and propagate their faith.

"German Religious Intolerance. "They were not allowed to do this in their home country. Already long before the emigration scheme was matured among their leaders they had suffered considerable because of their religious convictions. They hailed from parts of Germany in which, owing to the ravages of pietism and rationalism, Lutheranism confessedly had become a rare thing. In 1817 the then Prussian king, Frederick III, issued a union-edict by which the amalgamation of the two parts of the Protestant church, the Lutheran and the Reformed was to be effected. Prior to that time these two parties had existed as separate bodies, maintaining their separate confessions. The edict of Frederick III was unquestionably part of the Prussian government's scheme for the centralization of power. It wrought a good deal of havoc throughout Germany, where church and state were not separate as in the United States. Most of the other German countries imitated the policy of the Prussian king and issued similar union-edicts. But even in countries like Saxony, where this was not done, the union tendency was the dominant tendency in state and church. As a result, both Lutherans and Reformed who still adhered to their confessional principles, but mostly the former had to suffer a great deal from the intolerant government. Permission for organizing a Free church independent of state control, could not be obtained, although many attempts to get such a permission were made.

"Decide On Emigration. "Under these precarious, provoking conditions the faithful members of the Lutheran church began to think of leaving their home country and finding new homes on the other side of the Atlantic. The thought of emigration was cherished for many years before it could be executed, for even the permission to emigrate could not be obtained from the intolerant governments in Germany. One of the men, who afterwards became the acknowledged leader of the Missouri Synod, Dr. Walther, wrote regarding those days as follows: "How gladly would the believing Lutheran pastor and layman have surrendered everything if they could have obtained the permission to separate from the grievously corrupted and apostate State church and to organize themselves into a Lutheran Free church. But it was absolutely hopeless to think of such an official grant at that time. They saw, accordingly, that their only way to escape from the tyranny to which their consciences were subjected, which became more intolerable as time wore on and which threatened to stifle their life of faith, was to emigrate to a country in which religious liberty was guaranteed. "The leadership which the Saxon immigration that came to America in 1837 was organized preceded inefficient soon after their landing at New Orleans and later on at St. Louis. Unspiritual elements were discovered in this land of emigrants, but the bulk of the emigrants were sincere, conscientious Christians. The church body which they helped to organize seventy-five years ago has exerted an undoubted influence for good not only on the religious life of our country, but particularly on the development of the Lutheran church."

Dr. A. L. Adams, Dr. A. R. Gregory and Dr. Walter Frank will not be in their offices on Monday afternoons during the summer months.

Miss Mary Pribe returned to her home in Louisiana, Missouri, yesterday after a visit in the city at the home of her uncle and aunt Mr. and Mrs. Ollie Parks on West State street.

Roswell Huston of Arenzville was a city arrival yesterday.

## DELEGATES WILL BE SENT TO CELEBRATION

Morgan County Farm Bureau to Send Representatives to Decennial Celebration at DeKalb.

The Morgan County Farm Bureau Association is planning to send a delegation to the Decennial Celebration to be held at DeKalb on June 30th. County Agent George B. Kendall and H. E. Kitter have already made plans to go and the local Farm Bureau will contribute financially to the support of the celebration. It is also probable that the Morgan county organization will have some part in the big pageant which will be a feature of the Decennial.

Ten years ago an idea was born in Illinois. As an infant it was first nourished in two northern Illinois counties. The youngster has grown to be such a husky chap that he now holds sway in 95 of the 102 counties in Illinois. His name is Farm Bureau.

On the last day of June thousands of Illinois farmers are going to celebrate this birthday of ten years ago. The big event will be held at DeKalb, Illinois, on the beautiful campus of the Northern Illinois State Teachers' College.

On this picturesque spot will be staged a big pageant portraying the farm bureau development during its ten years of existence. More than 1500 farm people are in the east.

The scenery in and around DeKalb and the college grounds is unsurpassed. The drive to DeKalb will be a vacation trip in itself, especially if a few stop overs are made at points of interest.

Such a large audience is expected that large amplifiers will be erected so that the voice of speakers and actors can be heard clearly anywhere on the natural auditorium grounds.

A complete and up to the minute radio outfit will be in action and visitors will be allowed to listen in freely to the "music of the air," that marks reports, or other special messages.

Every party expecting to go should notify the County Farm Adviser, so accommodations may be made for taking care of all who attend.

Mr. and Mrs. William E. Luttrell and daughter Wilma and

## CHILDREN'S DAY AT METHODIST CHURCH

Interesting Program Carried Out at Methodist Church by Sixty Children of Sunday School.

Roodhouse, Ill., June 10.—Children's Day at the Methodist church was observed last Sunday evening by the rendition of a cantata "God's Many Blessings" by sixty of them, it was a program replete with costumes and scenic effects, calculated to delight the audience.

A number were turned away at the door that evening who came back Monday evening, when the exercises were repeated, and again the auditorium of the church was filled to its utmost capacity. The entire Sunday school was given over to the performers, 60 in number, who represented, roses, butterflies, robin nests and other flowers and birds and exemplified in movement speech and song the blessings a loving creator had bestowed upon his beloved children.

The costuming was lovely and created much favorable comment. The children carried out their various solos in a most admirable manner. It was perhaps the most elaborate Children's Day program ever attempted in this church and the result was indeed pleasing to the large congregation both evenings.

The program was placed in Mrs. Geo. Morrow's hands for arrangement of the costuming and various spectacles. Mrs. Morrow chose able assistants, Mrs. George Innis was the accompanist at the piano.

Mrs. Walter Johnessee pleased the audience with several pipe organ selections.

**FLYING TODAY**

An especial invitation is tendered all members of Matt Starr Post, G. A. R., all members of Rev. James Caldwell Chapter D. A. R., and all World War veterans.

## SEVENTY FOUR MAKE APPLICATION FOR LAND

Honolulu, T. H.—(By The Associated Press.)—Applications for allotments on land in the rehabilitation settlement on the island of Hiloakaf were made by 74 Hawaiian or part Hawaiian families before the time limit expired, according to announcement by the Homes commission, which has charge of the attempts to rehabilitate the Hawaiian race.

There are lost available for only 20 or 24 families and the commission will select what it considers the best fitted families among the applications to inaugurate the "back to the land" movement for the Hawaiians as it was conceived by the late Prince Jonah Kihio Kalaniana'ole during his service as delegate to congress, it was announced.

As soon as arrangements can be made other tracts will be prepared on Molokai for additional settlers.

The commission hopes to be able to place the first group on the land by July.

## 3 TRIPS— One Price!

# Yellowstone Salt Lake City Colorado

at the price of a  
Return Ticket to  
Yellowstone alone

The "Big Three" in vacation trips. Where can you see so much at such little cost?

Yellowstone National Park, Nature's unspoiled wilderness and temple of wonders.

Unique Salt Lake City with its interesting Mormon Tabernacle, marvelous organ and daily recitals, the State Capitol, the encircling mountains and canyons and Great Salt Lake where you may float on the water like a gull.

Colorado, the ridge-pole of the continent—where the mountains are nearly three miles high, the air is like wine and there is every outdoor sport.

All these at the same cost as for a ticket to Yellowstone alone when you travel via the West Yellowstone entrance—an advantage exclusive to this route. For \$10.50 additional you can make side trip from Denver to Rocky Mountain National (Estes) Park.

**Fares Greatly Reduced**  
and War Tax gone

Round trip costs only little more than the fare one way

**WRITE FOR FREE BOOKLETS** Let us tell you how reasonably you can make the trip, and send you our beautiful booklets "Yellowstone National Park," "Rocky Mountain National (Estes) Park," "Colorado's Mountain Playgrounds," "Utah-Idaho Outings."

Through sleeping cars daily from St. Louis to Colorado, Salt Lake City and Yellowstone.

## Church Service Announcements

First Baptist Church—Children's Day occurs at the Baptist church on the third Sunday in June at the hour of morning worship. Supt. Kopperl in the Sunday school will have something to say about the program. The time is 9:30 a. m. The Odd Fellows and the Rebekahs will observe their Memorial Sunday by attending the morning service at the Baptist church. The hour of service is 10:45 a. m. The pastor, Rev. A. P. Howells, will preach a special memorial sermon for the order, entitled, "Between Jerusalem and Jericho." The music for the occasion will be a quartet, "Hark Hark My Soul"—Ambrose, and a trio, "Praise Ye," by Verdi. The two B. Y. P. U.'s will meet at 6:30 p. m. The subject will be, "Team Work: Helps and Hindrances." In keeping with the closing of the schools, the pastor will preach on the subject, "Graduation," at the evening service commencing at 7:30 p. m. Prayer meeting on Wednesday night will be in charge of the large Amoma Bible class with the teacher, Mrs. A. B. Williamson as leader. The service starts a half hour after seven. The second week of the Jacksonville Daily Vacation Bible School begins on Monday at 9 a. m.

McCabe M. E. Church—Sunday evening the following Children's Day program will be given: Song, "Bring Them In." Choir. Prayer. Scripture.

Song, "Jesus Loves Me"—Choir. Welcome, Ruby Mounts. Recitation, "What We Seek"—Bernice Black. Recitation, "God Knows"—Margaret Stone. Recitation, "Will He Meet Me at the Door?" Exercise, "Sunbeams"—By five little girls. Instrumental solo—Helen Meadows. Recitation, "The Sweet Story of Old"—Dorothy Mounts. Recitation, "I Cannot Do Great Things"—Dorothy Mounts. Recitation, "Somebody Cares"—Florence Meadows. Recitation, "All to Jesus"—Cordelia Wright. Vocal Solo, "Little Pink Rose"—Eileen Florence. Recitation, "Remember Thy Creator"—Catherine Harris. Recitation, "The Birth of Children's Day"—Helen Stone. Duet, "Whispering Hope"—Miss Bessie Vaughn and Miss Christina Martin. Remarks, Rev. A. M. Todd.

State Street Presbyterian church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, Sunday school superintendent; Mrs. Barr Brown, choir leader; Mrs. H. Ayers Bullard, organist. This church unites its services with others in the Illinois College Baccalaureate service at Westminster church at 10:45 a. m. Sunday school as usual. Vesper union service at Illinois college campus at 7 o'clock with Rev. E. C. Pires preaching. Welcome.

Trinity Episcopal church—J. F. Langton, Rector; H. M. Andre, Senior Warden; Prof. J. G. Ames, Junior Warden. Trinity Sunday. Early Communion at 7:30. Holy Communion and sermon at 10:45. Rev. Edward S. Bakdall of St. Louis, Mo., will officiate.

Westminster Presbyterian Church—Bible School at 9:30 a. m. Annual Baccalaureate services of Illinois College at 10:45. Dr. D. Schley Schaff will preach the sermon. Dr. Schaff was pastor of Westminster church, 1890 to 1897. He has been for years professor of Church History in Western Theological Seminary at Pittsburgh. There will be no evening services at Westminster owing to the Union Vesper services in College Grove, to be addressed by Rev. E. C. Pires, Ph. D., of Erie, Penn. Next Sunday morning, June 18, Westminster will hold Children's Day services at 10:30. In the evening Dr. Smith will preach upon "Working of a Miracle," which is a film of power and beauty.

Central Christian Church—Myron L. Pontius, minister. Bible school at 9:30. B. O. Roodhouse, superintendent. Children's Day will be observed at the hour of the morning worship 10:45, when "A Day in June" will be given by the pupils of the Beginner's, Primary and Junior Departments. Mrs. Wehl will render a solo. Mr. Pontius will speak on "The Lives of Two Great Missionaries." Evening worship at 7:30. Topic of five-minute talk "Modern Amusements." Sermon by Mr. Pontius on the theme "Voices of God." Piano solo by Miss Edna Sheppard. Vocal number by Mrs. Wehl. C. E. services at 6:30. Leaders, Misses Lois Harney, Margaret Phillips and Mary Bolman. The public is cordially invited.

Bethel A. M. E. Church—R. H. Hackley, minister. Preaching at 11 a. m. Sunday school at 2:30 p. m. Hygienic address at 8 o'clock by Dr. G. R. Richardson of Louisiana. Monday evening at 8 o'clock the graduating exercises for nurses of the New Home Sanitarium will take place. The public is cordially invited to attend all of these services.

Northminster Presbyterian Church—Walter E. Spooner, minister. Devine worship at 10:45 a. m. and 7:45 p. m. The morning hour will be given to the children's day program. The committee has worked hard to make this one of the very best children's day in the history of the church. There will be no evening service on account of the vesper service on the lawn of Illinois College. In honor of Rev. C. E. Pires, one of our own boys, this church will attend this service. We hope that every member that possibly can will hear Dr. Pires at this vesper service. Several of this church will attend the summer conference at Decatur next week. Prayer meeting on Wednesday night. We have room for a few more at this meeting.

Salem Evangelical Lutheran Church College and East streets—Rev. J. G. Kuppler, pastor. No Sunday school or services Sunday on account of Diamond Jubilee at Arenzville. The Luther-Walther circle will meet on Thursday evening at the parsonage.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. Morning worship at 10:45 a. m. theme, "The Dawning Love." Epworth league at 7:30 p. m. Evening worship at 7:30 p. m. theme, "Divine Alchemy." Preparations are under way for the Children's Day pageant next Sunday. This will be a beautiful representation of a great subject connected with the development of religious life. The baptism of children will be a part of the ceremonies of the day, and all parents who expect to present infants for baptism at that time are requested to communicate with the pastor. All are invited to the church where the folks are glad to see you.

Brooklyn M. E. church—G. W. Randle, pastor; J. H. Reid, Sunday school superintendent. Sunday school at 9:30 a. m. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme: "The Failure of Infidelity." Evening subject, "Found Out." Epworth league meeting at 6:30 p. m. Prayer meeting Wednesday

day at 7:30 p. m. At the Sunday evening service a scripture guessing contest will be held and a prize will be given to the successful contestant.

First Church of Christ, Scientists—523 West State street. Sunday morning service at 11:00 o'clock. Subject lesson sermon: "God the Preserver of Man." Sunday school at 9:30. Wednesday evening testimonial meetings at 8:00 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and visit the reading room.

## ILLINOIS COLLEGE NOTES

The Reverend David S. Schaff, D. D., who preaches the baccalaureate sermon Sunday morning at Westminster church to the senior class of Illinois College, is well known to many of the older residents of Jacksonville. He was pastor of Westminster some 25 years ago. Since leaving Jacksonville, Dr. Schaff has been on the faculty of the Western Theological Seminary at Allegheny, Pennsylvania. He is one of the most noted scholars in the field of Church History in the United States. The baccalaureate procession, weather permitting, will form at the College gate Sunday morning. Alumni and alumnae of the city are urged not to forget that they are expected to take part in this procession. Be at the gate promptly at 10:30.

The Reverend E. C. Pires, Ph. D., of Erie, Pennsylvania, will speak at the Union Vesper Service of Westminster, State Street, and Congregational church at 7:00 o'clock Sunday evening on the campus.

Among the new features on the commencement program this year will be an open meeting of Phi Delta Sigma, the new honorary scholarship society. This meeting will be held in the College chapel Tuesday morning at 10:30. The address will be given by Dr. Schaff.

Among the College alumni who have definitely signified their intention of returning for the reunions and commencement this year are the following: Harry Kirby '97 of New York; Henry Kirby '97 of Chicago; Benjamin Kirby '99 of Los Angeles; Clyde Hay '97 of Chicago; Emmett W. McBratney '97 of St. Louis; August J. Gummshier '12 of St. Louis; Edward Capps '87 of Princeton, N. J.; and Mr. and Mrs. L. B. Potter '11 of Dixon.

Of the out-of-town trustees who are likely to be on hand for the annual meeting of the Board are the following: Harry J. Dunbaugh and Frank R. Elliott of Chicago; Edward Goltra of St. Louis; John J. Bergen of Virginia; and George W. Govort of Quincy.

It has been rumored that the name of the donor of the two-hundred acre farm to the Endowment Fund may be disclosed at the coming commencement.

The trustees are still hard at work trying to raise the balance of the New Endowment Fund. About \$11,000 must be raised within the next few days if the campaign is to be brought to a successful close by commencement.

All friends of the College are invited to the Osage Orange picnic supper Monday afternoon. It is the traditional custom for any group of friends who wish to come to bring their lunch baskets and make themselves at home on the campus that evening. The occasion promises to be one of greater pleasure than usual because of the concert by the college band after the supper.

Professor Edmund Munger of the Conservatory faculty expects to sail for Europe with his sister shortly after commencement. He will, of course, return in time for the fall work.

Professor Raetzmann of the Department of Modern Languages will spend the next year abroad in travel and study.

Mr. Melvin A. Traylor of Chicago and the Honorable Rolla Wells of St. Louis, commencement guests and speakers, are expected to arrive Tuesday afternoon.

The classes of '72, '97, and '12 who are holding their special reunions this year will probably all be strong competitors for the Alumni Reunion Trophy.

The annual Junior Oratorical Contest will be held in the Jones Building Saturday evening, June 10th at 8:00 o'clock. All friends of the College are cordially invited. The Contest is in competition for the Hall Prize in Oratory and for the honor of representing the College in the Intercollegiate Oratorical Contest next fall.

**ATTENTION G. A. R.**  
All members of Matt Starr Post G. A. R. are invited to the Elks' Home Wednesday evening, June 14th, at 8 o'clock, for the purpose of participating in Flag Day exercises. All veterans are cordially welcomed.

## MARKHAM

A jolly crowd of about 100 from Jacksonville motored to the home of Mr. and Mrs. Fred Killam and enjoyed an old fashioned dance in the barn. All kinds of games and "stunts" were on the program, so no one was disappointed that had looked forward to this evening at the Killam home. Music was furnished by the Winchester orchestra.

Tom Coultas and J. C. Wilson and sons Claire and Darnell Wilson went to Mercedosa fishing. They crossed the river over into Pike county and came home more than pleased with their catch. Sunday visitors at the home of W. G. Wolfe were Misses Ruth and

Reward for return. Phone  
1274. 6-9-1f

## STOCK EXCHANGE

**HAS HEAVY CLOSE**  
By Associated Press.  
NEW YORK, June 10.—The  
two hour session of today's stock  
market was featured by recurrent  
selling movements notably in  
oils, steels, equipments, coppers  
and rails. Extreme reactions of 1  
to almost 5 points were only  
slightly retrieved in the covering  
of contracts before the heavy  
close.

Exception to the reaction in  
which signs of urgent liquidation  
were apparent at times included  
Mexican Petroleum and Republic  
Iron and Steel, but those issues  
gave way in the final dealings.

High grade rails were carried  
down in the general reversal, but  
losses among transportation  
were moderate. Sales amounted  
to 650,000 shares.

Foreign exchanges continued  
to weaken aside from the Lon-  
don rate. Francs were especially  
heavy.

Clearing house loans and dis-  
counts disclosed another actual  
increase of about \$47,000,000 net  
demand deposits expanding by  
almost \$50,000,000.

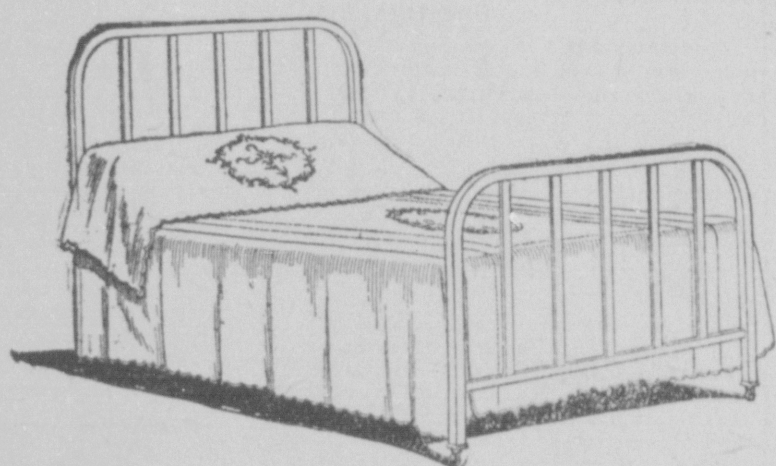

# SIMMONS WEEK

## SIMMONS BEDS

*Built for Sleep*

### Buy Your New Bed, Spring and Mattress during this Special Display

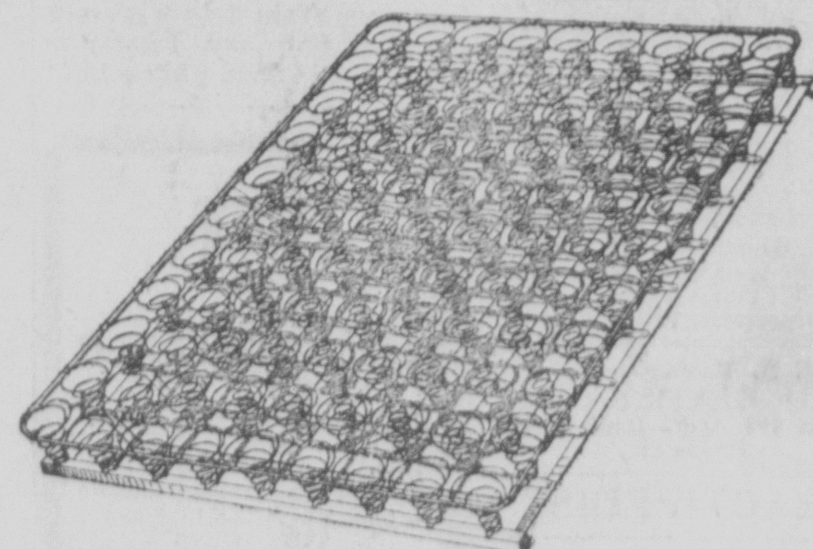

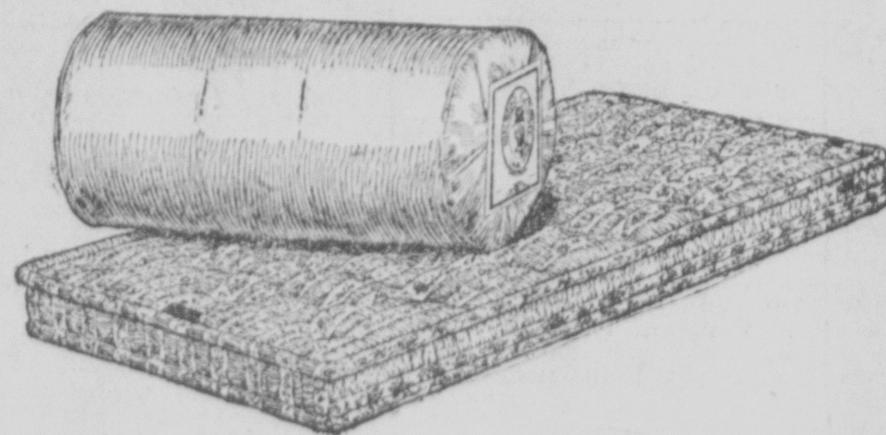

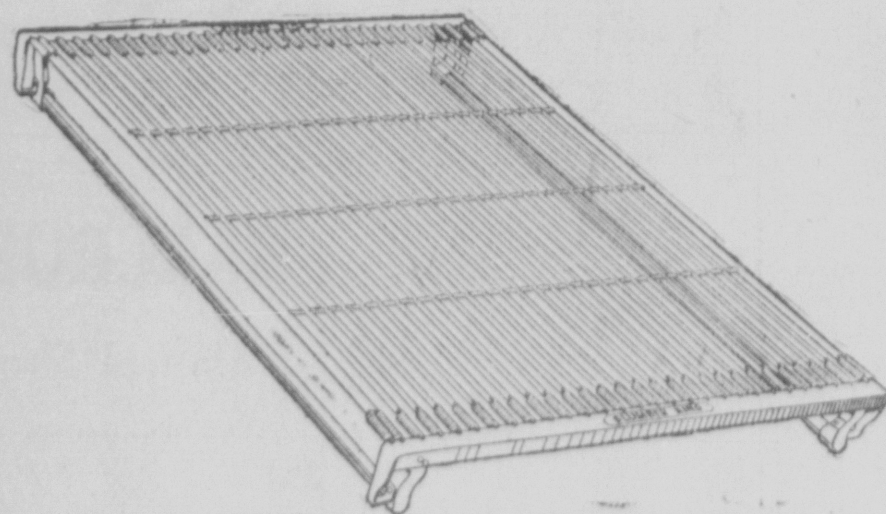

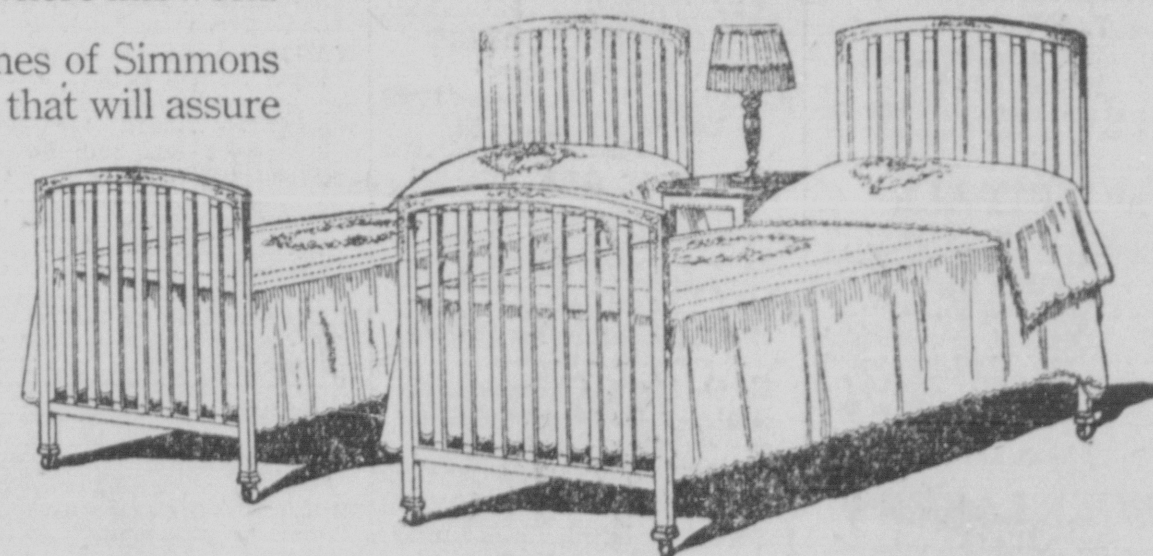

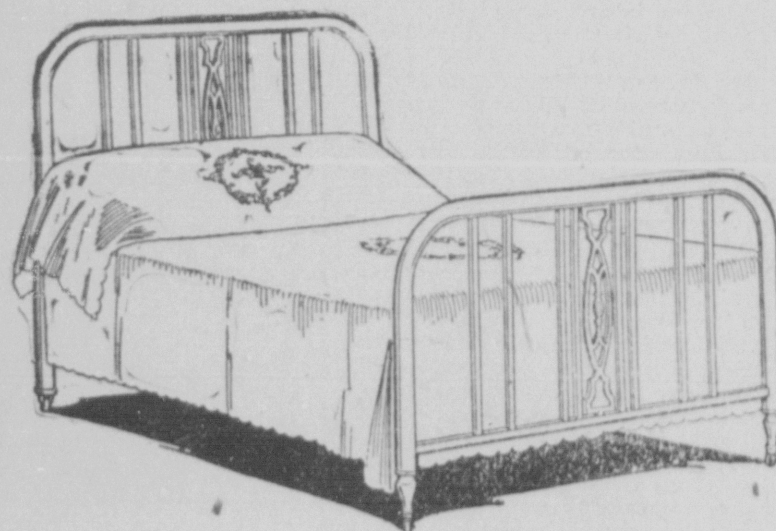

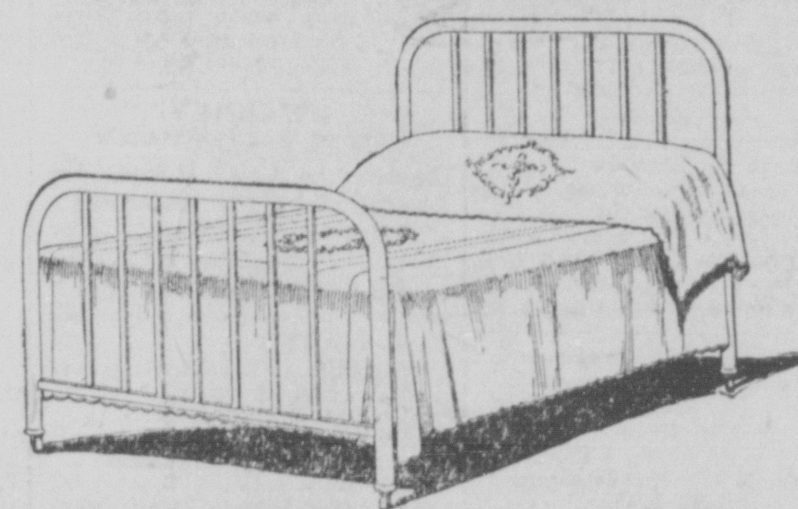

In recognition of the far-reaching demand for Simmons Beds, Springs and Mattresses, we, as the representative furniture dealers of this community have set aside this week as "Simmons Week."

During this period special displays of Simmons products will be featured in all our stores—thus giving everybody an opportunity to see and choose from the same complete assortments as those that will characterize "Simmons Week" exhibits elsewhere this week.

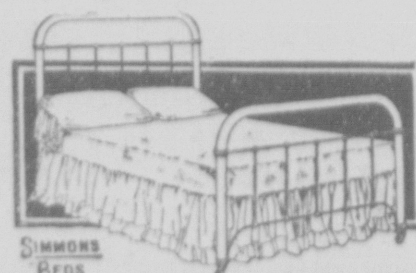

Come in—visit any of our stores—and let us show you the complete lines of Simmons Beds, Springs, Mattresses, Day Beds and Cribs "Built for Sleep." Beds that will assure sound sleep and complete relaxation. BEDS that are artistically designed, substantially made, and noiseless. SPRINGS that are resilient, luxuriously comfortable and serviceable. MATTRESSES made throughout of fine, clean *new* cotton; sealed in dust-proof cartons, and delivered into your home in the same original carton, unsoiled by handling or by the grime and germs of the city streets.

Come in, see and choose from this display. At our prices every home can afford a *genuine* Simmons Bed, Spring and Mattress, and *now* is the time to buy.

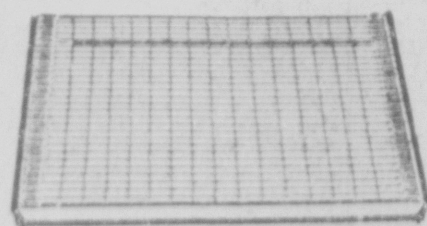

special displays to make it easy for you to select the new bed, spring and mattress you have been waiting to buy:

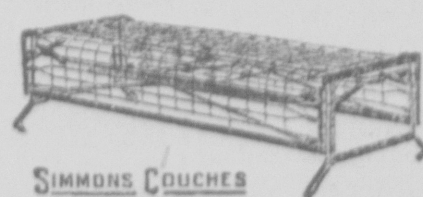

All Simmons Products will be sold at attractive price reductions this week. These include metal and brass beds, all finishes mattresses; all kinds; cribs, day beds, springs, sanitary couches, etc. A few items below will give you an idea of the great economy this Simmons Bed Week means to you,
